

# WOMEN CUT MORE FAMOUS PICTURES

By Associated Press.  
London, England, May 22.—The wild women of the female social and political union, the militant suffragettes, continued their strenuous campaign by making two separate and well planned attacks yesterday on the national art treasury. Great turmoil was aroused in the vicinity of Buckingham palace yesterday where the women made an ineffectual effort to reach the King.  
In the National Art Gallery, one woman, with a loaded cane, ruined five precious masterpieces. In the Royal Academy of Arts another woman wrecked a valuable painting. Both were arrested but refused to give their names. The National Gallery has been closed.  
Scenes in police court yesterday surpassed in wildness and general confusion all previous efforts of the warring suffragettes. A male suf-

fragist, who had somehow found a perch among the rafters of the court room, blew an ear-piercing variation of the Marseillaise on a cornet and followed with the sounding of the charge.  
This, it appeared, was the signal for which the women were waiting, and soon the air became thick with bags of flour and missiles. The united efforts of the magistrate, Sir John Dickerson, and three policemen were required to prevent one prisoner from throwing herself bodily over the rail of the court enclosure. One woman removed her shoe and hurled it at the magistrate who caught it in his hand. Sir John suspended hearings and ordered court cleared. In passing from the court room the women again became riotous and a free-for-all fight ensued. They were returned to the court room and were bound over to keep the peace for six months. They unanimously refused to give bond.

# BAWL OUT KING AT THE THEATER

By Associated Press.  
London, Eng., May 22.—King George and Queen Mary were compelled this afternoon to listen to a harangue of a militant suffragette while attending a matinee at His Majesty's theater. The woman arose from her seat in the stalls and began to address the king.  
"You're a Russian Czar," shouted the woman. When attendants rushed in to get her they found that she had been firmly chained to her seat and it was necessary to file through an iron link before she could be removed.  
Simultaneously half a dozen women arose in various parts of the auditorium and shouted at His Majesty. One of them went so far as to mount the stage and had started to make a speech before she could be thrown out. Others made an effort to follow her lead.  
Eventually all were ejected and on the outside the police had a hard struggle to save the women from an angry mob that had gathered.

# MELLEN STILL SHEDS LIGHT

By Associated Press.  
Washington, D. C., May 22.—Chas. S. Mellen, former president of the New York, New Haven and Hartford railroad concluded his testimony before the Interstate Commerce Commission at 12:40 o'clock this afternoon after four days and a half of grueling interrogation concerning the New Haven's financial affairs.  
The Interstate Commerce Commission inquiring into the New Haven railroad affairs resumed action today. Former president of the New Haven, Charles F. Mellen, appeared for the fifth day of his interrogation by Joseph W. Folk, chief counsel for the commission. Folk asked Mellen about the purchase by the New Haven of the Tarrytown, White Plains and Mamaroneck railroad.  
"That was an electric line through White Plains. It was sold at public auction and run from \$930,000 to \$1,000,000."  
"Who bid against you?"  
"The Reorganization Committee of New York."  
Mellen intimated that the people who objected were political bosses. "They are usually on hand," he said. "I have not had much experience with them, but my experience in the Westchester transaction was enough." Mellen stated that the New Haven had bought control of the Waterbury Gas Company.  
In the last five minutes of his test, Mr. Mellen was led by Chief Counsel Folk's questions to discuss his negotiations with the Grand Trunk railroad, as a result of which Mellen was indicted by a grand jury in New York for alleged conspiracy.  
"Did Mr. Morgan have anything to do with the Grand Trunk negotiations for this exchange?" inquired Mr. Folk.  
"He took a very active part. I did not know Mr. Morgan knew about the matter until he came to my office while Mr. Smithers and Mr. Chamberlain were there. He told them what they could do to bring about peace between the New Haven and the Grand Trunk interests."

# COX PLEADS FOR LABORERS

By Associated Press.  
Columbus, Ohio, May 22.—"Start over again," was the plea made to representatives of strikers and officials from the Ohio coal miners and local operators by Governor Cox when they met in the governor's office today to re-open negotiations for agreement on a new wage scale based on the mine run system.  
Five operators and nine mine officials composed the joint committee that met with the governor following his request of several days ago. Governor Cox emphasized to both interests that he did not wish to enter into the discussion but that he wanted to emphasize the necessity of arranging an agreement for the benefit of Ohio's industrial progress.

# CHAMBERLAIN'S UGLY CHARGES

By Associated Press.  
Washington, D. C., May 22.—Senator Chamberlain, of Oregon, one of the most active opponents of the bill to repeal the tolls exemption provision of the Panama canal, declared in the Senate today that the same "indignities and influences" that have been exerted for repeal will soon be "indulgently" at work cultivating a stronger sentiment in favor of opening the canal for railroad-owned ships.  
He declared that the trans-continental railroad had fought the construction of the canal and now sought to have the tolls exemption laws repealed. He said the Baltimore platform had bound the Democrats to support the exemption

# MORE INCOME

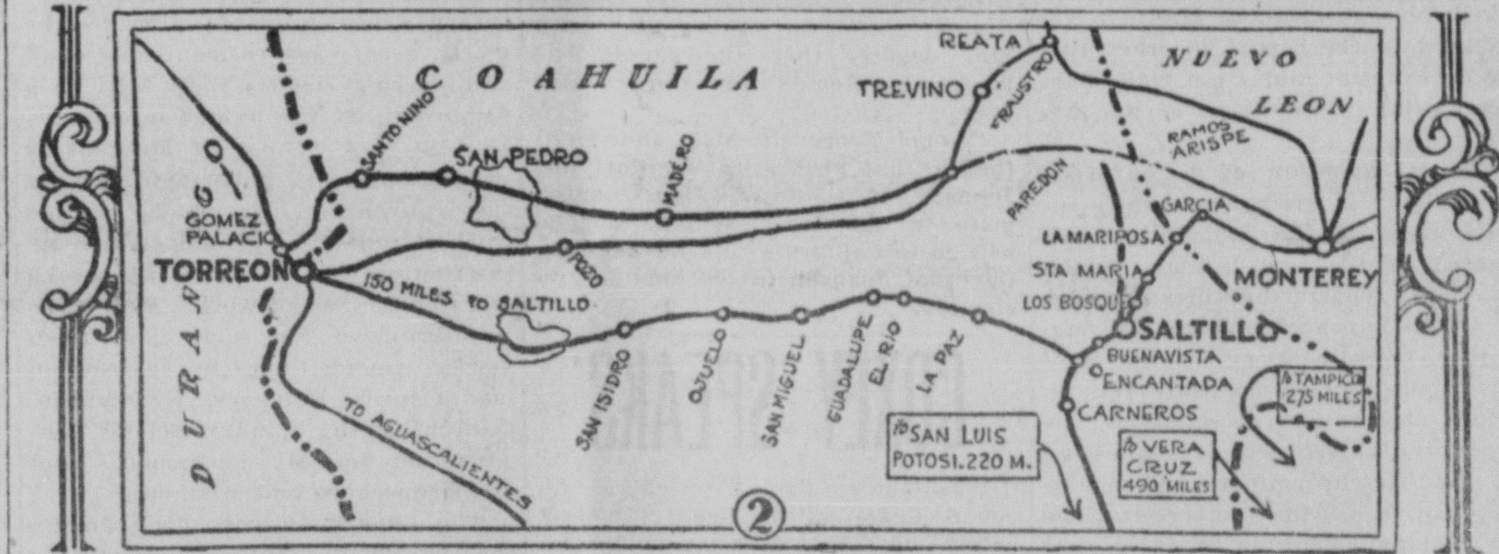

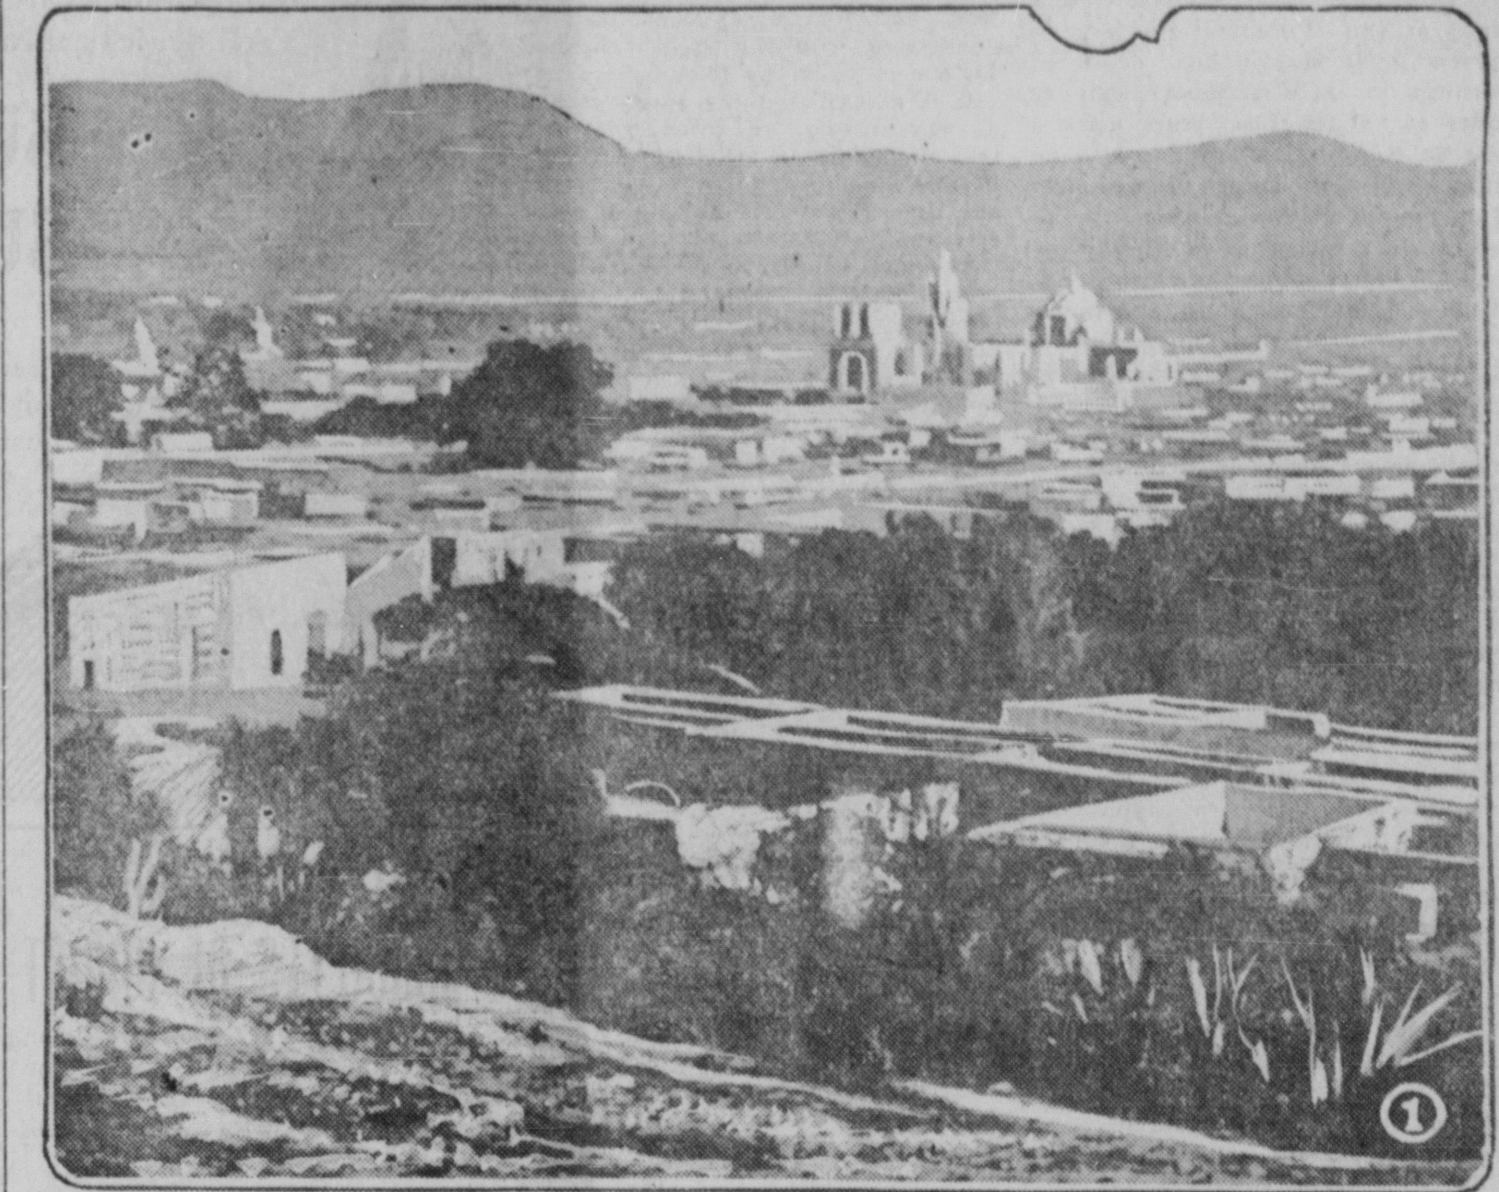

By Associated Press.  
Columbus, Ohio, May 22.—Because the net instead of the gross receipts were used in calculating the amount of money due the state for the support of the fire marshal's office, the state has been losing an average of \$20,000 a year in such taxes since 1902 and the total loss exceeds \$250,000.  
This is the discovery of Robert M. Small, state superintendent of insurance. He said today that the correction of this mistake will mean an added income of \$24,000 a year to the state hereafter.

# WHOLE BUNCH PLEAD GUILTY

# GENERAL VIEW OF SALTILLO, CAPTURED BY REBELS, AND MAP OF GROUND COVERED SINCE TORREON FELL

General Villa drew his massed troops, reported to be 16,000 in number, around Saltillo. The capture of this city by the Rebels means another step toward Mexico City. It was expected that if Saltillo fell the Rebel victory would induce the Mexican envoys at the A. B. C. mediation conference to present the resignation of Huerta. The accompanying map in the illustration shows the location of Saltillo and the ground covered by the Rebels after the capture of Turreon.

# CHARGE TO JURY

By American Press.  
New York, May 22.—"If the defendant, Becker, either directly or indirectly, procured the murder of Herman Rosenthal, he is guilty as charged," said Justice Seabury in his charge to the jury.  
"The state has introduced both direct and circumstantial evidence. The law does not act on circumstantial evidence alone. It does act, however, when some direct evidence is introduced. Jurors should not disregard circumstantial evidence because it is such."  
The justice said it was not charged that Becker fired the shot that killed Rosenthal, but that he had it done. "This must be proven beyond a reasonable doubt," he said.

# CANAL LOCKS THOUGHT SAFE

By Associated Press.  
Washington, D. C., May 22.—"The great steel locks in the Panama canal are as safe as engineering skill can make them, and there will not be the slightest danger in using them notwithstanding the disclosure of attempted fraud in the supply of metal."  
Such was the statement made at the canal offices today when attention was called to the criminal presentment found by the grand jury in Pittsburgh yesterday against the steel makers on a charge of conspiracy in the furnishing of material.

# RENEW INVITE?

By Associated Press.  
Washington, D. C., May 22.—In circles close to the Mexican Constitutionalists here it was definitely expected today that in twenty-four hours a renewed invitation would be extended to the Constitutionalists to be represented at the Niagara Falls mediation conference.  
Whether Carranza will accept the invitation was not known, but it was positively asserted that should he do so, it will be without declaring an armistice or agreeing in any way to check his campaign against the Huerta forces.

# FRAUD CHARGED

St. Louis, Mo., May 22.—Charges that J. A. Hodge, the attorney who appeared before the Missouri Public Service Commission yesterday to oppose the reorganization plan of the Wabash railroad, was representing certain interests which were trying to get money from the Wabash management, and counter charges that George J. Gould had deliberately forced the Wabash into receivership, were made at the resumption of the case here today.

# REBELS DECIDE TO TRY

By Associated Press.  
Washington, D. C., May 22.—American Consul Hanna at Monterey, has informed the State Department that the Constitutionalists authorities have agreed to locate the long missing American Consul, John R. Silliman, who cannot be found. Huerta's agents assured Secretary of State Bryan that he had been released by the Federal officials at Saltillo. Unofficial reports say that Silliman arrived in Mexico City today, but the State Department has received no information that would confirm them.

# AMERICAN SHOT BY DESPERADOS

By Associated Press.  
Washington, D. C., May 22.—Confirmation of the killing by Mexicans of Richard Urban, an American subject, German by birth, was received by the State Department today. American Consul Agent Montague at Cananea, reported that Urban and a companion were attacked by a roving band of Mexicans who fired upon them from the windows of a house in which they had taken position. Urban fell dead. His companion escaped uninjured.

# PRAISES Y. M. C. A.

Hon. Humphrey Jones, in a recent speech delivered at the Y. M. C. A. gave expression to the following sentiment concerning the Young Men's Christian Association, which will be of deep interest to Fayette county citizens in general:

"If there were a prospect of financial benefit you would have no difficulty in raising money for the Y. M. C. A. We must make clear to the community that it is a paying proposition to rear up self-respecting young men of high ideals to lead in our civic life."

# MUST HAUL SWINE INSTEAD OF DRIVE

A new policy has been adopted by the State Bureau of Live Stock Industry, in connection with the hog cholera eradication in this county. Permits are now issued for persons to market their hogs, and are placed in the hands of the railroad agents, and the owner of the hogs must haul the animals to the shipping point, or they will be refused.  
Some 30 calls for inspections were received for Friday. It will be ten days or two weeks before final figures on the county survey will be obtainable.

# FAYETTE CREAMERY MAKES NEW RECORD

The Fayette Creamery, on Columbus avenue and East Market street, had a record breaking churning Thursday, when more than 1200 lbs. of golden butter was produced.  
At the present time the output is between 4,000 and 5,000 pounds weekly, and this is on the increase. Many new patrons, who have learned of the prices paid for butter fat, have been added to the long list of those who contribute regularly to the rapidly growing enterprise.

## NOW FACING EXTERMINATION

Must Traverse a Rebel-Infested Region Two Hundred Miles Long Before Reaching San Luis Potosi, Their Objective Point—Evacuation of Saltillo a Surprise to Constitutionalist Junta at Juarez.

Juarez, Mexico, May 22.—With Saltillo in rebel hands and San Luis Potosi menaced by a large army, the 10,000 federal troops under Generals Maas and De Moure, who fled Saltillo, may face extermination. Behind is Villa with his army holding Saltillo; before them are General Torres and General Gutierrez with 5,000 rebels, who have been attacking San Luis Potosi and are supposed to be still continuing the attack. Before the federal army, in any event, can reach San Luis Potosi, a stretch of rebel-infested desert 200 miles long must be traversed.

The evacuation of Saltillo occurred yesterday and its seizure by Villa's army are the leading events in northern Mexico. A telegram from Villa to Rafael Musquiz, filed at Paredon, 40 miles north of Saltillo, brought official news of the evacuation. A message from General Angeles, Villa's artillery chief, to his family in Paris, passed through Juarez with the big news. Angeles' message stated that the federalists left the city after the rebel columns had made some well-directed movements against it, but before any general attack was delivered.

The evacuation came as a surprise to the rebels in Juarez and El Paso. Roberto Pesqueira, diplomatic agent in this country, said: "Of course we knew Saltillo would be captured, but we did not expect the victory would come so soon and with so little fighting."

Huerta's sympathizers declare that if Saltillo is really evacuated the move was made on order from Huerta, who is concentrating his troops nearer the national capital.

Saltillo is to be the next provisional capital of the Constitutionalist. It is expected that Carranza, his cabinet and other rebel government officials will transfer their headquarters from Torreon to Saltillo with the least possible delay. This is expected to occur after Villa's army has completed the occupation of the city and restored a semblance of order.

# SUNDAY AS REST DAY URGED BY ASSEMBLYMEN

By Associated Press.

Chicago, May 22.—"King George of England has established the rule for himself and his family never to travel on Sunday unless it is absolutely necessary. Would that in our country the high officials of our own government, some of them professing Christians, would adopt the same rule and set an example to the American people. Alas, it is not so at present."

The Committee on Sabbath Observance of the Presbyterian General Assembly, in session here, drew this contrast today in its report. The results of twenty-three years work of the Sabbath Day Observance Committee were laid before the assembly. The committee found cause for rejoicing in the passage of Sunday rest laws by forty-seven states, but issued a circumstantial rebuke to the management of the Panama-Pacific Exposition for planning to open its gates on Sunday.

A number of Sunday observance organizations seriously meditated refusing to take any part in the ten days' Lord's Day conference to be held at the Panama-Pacific Exposition, it was declared in the report, on account of their repugnance to the exposition plan to keep open Sunday.

"There was hesitancy," the report asserted, "on the part of some organizations to participate in a congress in connection with an exposition the gates of which would be open on Sunday but in view of the fact that California is the only state without a Sabbath law and in the hope that the congress would be influential in obtaining the passage of such a law the Lords Day Alliance decided to take part in the congress, reserving however the right to enter resolutions of protest against having the exposition open on Sundays."

The exposition thus far has not asked for a government grant, it was declared in the report in order that the government might not make Sunday closing a condition of its support.

General adoption of a Saturday half holiday as giving opportunity for preparation for the Sabbath was advocated in the resolutions which closed the report. Families are urged not to buy anything on the Sabbath, to refrain from reading Sunday papers and to facilitate the religious observances of servants. The Assembly is recorded as requesting the faculties of colleges and seminaries not to schedule any recitations for Monday mornings in order that students may not be tempted to use Sundays to prepare such work.

Under the head of victories during the year the committee called attention to the passage by New York and Massachusetts of one day's rest in seven laws. Modifications of these laws are contemplated in bills introduced or about to be introduced, declared the report, which urged Presbyterians to take a firm stand against any weakening of the acts. The record of observances of the Sabbath included such diverse mentions as that of New York prison keepers taking one day off every week, and 160,000 London, England, milkmen petitioning their customers to be contented with one delivery on Sunday morning.

## REBEL AVIATOR FATALLY HURT

San Diego, Cal., May 22.—Gustavo Salinas, the Constitutionalist aviator, who has been doing so much damage to the federalists in Mazatlan, was badly injured when his biplane fell just after he had arisen from the ground to make one of his flights over the beleaguered city. The biplane was smashed and Salinas was picked up unconscious, and it is thought he will die.

# RAW DEAL AT PANAMA

Five Men Indicted on a Charge of Conspiracy.

Pittsburg, May 22.—The grand jury in the United States district court for the western district of Pennsylvania made a presentment recommending indictment of five well-known men, employees of the Carbon Steel company, on a charge of conspiracy in connection with the steel furnished for the locks in the Panama canal.

It is alleged that the steel furnished was of such an inferior quality that the immense locks at the dams in the canal are liable to let go at any time, causing heavy loss of property and probably lives.

The men named by the grand jury are Samuel M. Wetmore, David J. Simpson, Dennis K. Bullens, Henry Lutz and James E. Lacy. Two others, W. R. Warren and Fred Schoppe, also employees of the company, were also named in the presentment, but the grand jury recommended that no indictments be found against them, as they gave valuable testimony before the grand jurors.

## SUPPORTS PINCHOT

Oyster Bay, N. Y., May 22.—"I have confidence in the integrity of the rank and file of the Republican party."

This was Colonel Roosevelt's first statement on politics since his return from South America, and was made after he had been in conference at Sagamore Hill with George W. Perkins, Dean William Draper Lewis of Pennsylvania and Walter Brown of Ohio, all big Progressive leaders.

Mr. Roosevelt was speaking particularly of Republicans in Pennsylvania, and he expressed his belief that they will support Gifford Pinchot, Progressive candidate for United States senator, but no one who heard him doubted that the appeal was meant for Republicans the country over.

Colonel Roosevelt also announced that he has sent word to Governor Johnson of California, his running mate in the 1912 election, that he will go to California this fall and help Governor Johnson in his fight for reelection.

## COXEY SPEAKS

Washington, May 22.—General Jacob S. Coxey, at the head of his so-called unemployed army of nine, climbed the steps of the Capitol and, unmolested by the police, delivered a prolonged speech on industrial conditions to a curious crowd. General Coxey said that 5,000,000 workmen, with 15,000,000 dependents, were idle throughout the country. He demanded that congress enact into law his scheme for the creation of government-owned banks to issue all legal tender money, eliminate interest and put all unemployed to work on public improvements.

## ANNUAL CONVENTION DISCIPLES OF CHRIST

Extensive preparations are being made for a great gathering of the Disciples of Christ at their annual convention in Bowling Green, June 1-4.

A program of quite unusual nature has been prepared. Besides the usual great inspirational addresses and stirring reports there will be a feature altogether unique in such assemblies. A School of Methods is proposed as an important part of this convention in which skilled workers will give careful class room instruction on every phase of church and Sunday School work. 49 periods are provided for such class room work. Among topics for instruction are Church Finances, Evangelism, Church Music, Sunday School instruction for all departments and for Temperance and Missions.

The reports of work done during the year by the state society will be full of achievement. New churches have been organized; the churches injured by the flood of 1913 have been assisted to prosperity again; the state evangelists have had fruitful work; the Sunday Schools have prospered abundantly.

The Disciples number well over 100,000 in the state with 600 churches and the state officers look for a large and enthusiastic gathering in Bowling Green.

Several delegates from Washington C. H. will attend the convention.

## ORIGINATOR SETS SUNDAY, JUNE 21, AS FATHERS' DAY

Spokane, Wash., May 22.—Sunday, June 21, has been proclaimed Fathers' day by Mrs. John Bruce Dodd of Spokane, who conceived the idea and originated the play of paying tribute to fathers in all parts of the world one day each year.

Although Mrs. Dodd has received notice that a bill designed to set aside the first Sunday in June for this purpose has passed both houses of congress, she states that until official announcement of the fact has been made by the government the third Sunday in June will be observed as Fathers' day.

"Following the custom established four years ago, ministers in hundreds of American churches, and several in foreign countries, will devote their sermons to fathers on that day," states Mrs. Dodd. "Since the practice was started in Spokane it is very fitting that the people of this city observe the day appropriately. The red rose is worn for the living the white rose for the dead. A luncheon in honor of the day will be given by the city federation of women's clubs on Thursday, June 18.

"While I am credited with starting the Fathers' day movement, I can take no credit for the thought being original with me, for does not the second greatest commandment tell us to 'honor thy father and thy mother?' One day in 365, and a Sabbath day at that, is not a gift to overwhelm, or make father feel unduly egotistic, although a Fathers' day critic said, 'I will only wear the white rose for the father that is dead for he is the only truly good

father.' Pathetic, isn't it? I would suggest that this young man specialize along the line of home missions lest the words 'like the father, like the son' reflect upon his brow." In 1909 Mrs. John Bruce Dodd crystallized her vision of a Fathers' day and in 1910 the Spokane Y. M. C. A. endorsed the day. Mayor N. S. Pratt of Spokane and Governor M. E. Hay gave their approval also.

The Better Street Agitation

Some time ago—about two years ago or a little more—there was quite an agitation in Washington which promised to result in better streets.

At that time it seemed to be the general understanding that the only kind of better streets, with any marked degree of permanency in the improvement, were brick streets.

The impression that brick streets are the best streets—the best viewed from any angle, economical or otherwise—has grown stronger and today the sentiment in favor of the brick street is stronger than ever before.

That being true the question naturally arises what has become of the agitation for brick streets in Washington.

Sentiment for a time was practically universal in demanding the improvement be made in the streets. The City Council went so far as to exercise its jurisdiction under the law and without waiting for the abutting property owners to petition for the improvement, declared that there was a public necessity for the improvement and ordered some streets paved.

Since that time when Council took hold of the situation with a firm grip and passed the necessary legislation, the people of Washington and vicinity have lived, alternately, in hope and despair while the bad streets have, naturally, grown worse.

Of course there was some litigation begun in the courts which for a time held up some of the proposed improvements, but obstacles which the law suit placed in the path of these very much needed improvements, should have been disposed of before this time, and if not, those in charge, whether for or against the improvements, should crowd the legal proceedings to a final determination so that the work may proceed or all hope of better conditions be abandoned.

Washington is woefully behind her sister cities in the matter of streets and street paving.

Much smaller cities and towns—smaller in population and smaller in financial resources have miles of brick streets where Washington has rods.

Washington should move up with the procession on this matter of street paving and do it quickly too.

It is absolute nonsense to argue that nothing can be done. There never was a crying public need that could not be met under the laws of the state and if any one thinks Washington does not need better streets—permanently better streets—he should look about the other little cities of the state and see what is done and what is being done.

There was general rejoicing throughout the city and county when, two years or more ago, the City Council showed signs of real determination to better conditions.

The present authorities have a golden opportunity to write their names in the history of the city by getting out of the rut and moving determinedly along proper lines.

One of our citizens makes the very good suggestion that the prominent men of the city—the men who realize Washington's needs and appreciate the benefits which will follow improved streets—should organize a better street committee, stand behind Council and devote their public activities, for a time at least, solely to the task of securing better streets.

The street improvement problem is a big one and must be dealt with on the broad principle of public good. The individual must forget his immediate personal gain or loss and work for the benefit of the whole community if any real good is to be accomplished.

Americans, Woefully Extravagant, Disregard All Ordinary Demands For Economy and Thrift

By Representative J. HAMPTON MOORE of Pennsylvania

AMERICANS ARE A MONEY SPENDING MAD PEOPLE. THE DIAMONDS, RINGS, GOLD CHAINS AND OTHER ARTICLES OF JEWELRY WE BOUGHT FOR OUR SWEETHEARTS, WIVES AND DAUGHTERS DURING THE LAST FIVE YEARS FOOT UP A TOTAL THAT IS MORE THAN TWICE THE SUM SPENT BY THE UNITED STATES TO CONSTRUCT THE PANAMA CANAL. WE ARE SPENDING MORE THAN TWENTY-FIVE MILLION DOLLARS A YEAR FOR CHEWING GUM ALONE. OUR NATIONAL TOBACCO HABIT BURNED APPROXIMATELY THREE HUNDRED AND FIFTY MILLION DOLLARS LAST YEAR.

These are a few of the reasons for the high cost of living. The people should pay some attention to the ordinary demands for economy and reasonable habits of life.

Poetry For Today

EASY TO HOWL.

The easiest thing in the world  
Is just to sit back and growl.  
When the dust is madly whirled,  
When the North winds fiercely howl,  
When the day is warm and fair,  
When the rill sings as it flows,  
When fragrance fills the air,  
When the dew is on the rose,  
When the road is rough and steep,  
When the way is smooth and wide,  
When the crops we hope to reap  
Have prematurely died,  
When the friends we thought were true  
Have ruthlessly betrayed,  
When the things we ought to do  
Are foolishly delayed,  
When others win where we  
Might have achieved success,  
When rich men in their glee  
Forget our mirthlessness,  
When others rise through worth,  
Or by methods that are foul,

Angler (three hours without a bite): "I'm not taking them out; I'm feeding them."—Tid Bits.

Relief From Constipation

It's Me For Dr. Edwards' Olive Tablets.

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No griping is the "keynote" of these little sugar coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark-brown mouth" now and then—a bad breath—a dull tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists. The Olive Tablet Co., Columbus, O. Adv.

DENTISTS MEET  
IN THIS CITY

Large Number of Members of Reh-winkle Dental Society Hold Interesting Session Here—New Officers Elected Including Two Local Dentists—Big Picnic Planned in Near Future.

A very interesting session of the Reh-winkle Dental Society was held in this city Thursday afternoon, with a large number of the members present. The annual election of officers was part of the business conducted at the session, which was held in the parlors of Temple Lodge, I. O. O. F.

The new officers chosen for the ensuing year—two of whom are from this city—are:

President, Dr. C. E. Page; vice-president, Dr. W. W. Curtis, of Greenfield; secretary, Dr. Fred D. Woollard, and treasurer, Dr. P. F. Dixon, of Chillicothe. The standing committees, to be named by the president, will be announced later.

The session was one of unusual interest, and much of the afternoon was taken up in discussing a splendid paper presented by Dr. S. T. Yaple, of Chillicothe, practically every member present taking part in the discussion which followed the reading of the paper.

At the meeting it was decided to hold a picnic for the members of the society, and their families, on Wednesday, June 24th, near Austin, close to a splendid fishing point.

Those of the society who attended the meeting Thursday were: From Chillicothe, Drs. John Galbreath, A. H. Gunther, W. G. Hamm, C. W. Mills, M. G. Phillips, S. T. Yaple, C. V. Yaple; Circleville, Dr. H. R. Clark; New Holland, Dr. A. L. Teeters; Jeffersonville, Dr. G. M. Hiner; Greenfield, W. W. Curtis, B. H. Edwards;

Washington, Drs. C. E. Page, C. W. Soddors, W. E. Robinson, Fred D. Woollard, A. M. Bush, T. W. McFadden, O. C. Moon and C. V. Lanum.

The Reh-winkle society has nearly 50 members, and is one of the strongest, if not the strongest society of its kind in the state.

GILBERT DISCUSSES  
COMING CONTEST

"While I am not thoroughly acquainted with the situation in Washington C. H., it is easy to observe that the anti-saloon forces are conducting a determined and effective campaign," was the statement made Thursday by Mr. P. C. Gilbert, state legislative agent of the Anti-Saloon league, who spent a few hours in Washington conferring with politicians and Anti-Saloon workers.

"If the workers all over the state could get some of this Fayette county enthusiasm we would be mighty well pleased," said Mr. Gilbert.

Mr. Gilbert is a resident of Springfield, and is well known in Anti-Saloon circles throughout Ohio. Besides this he has been a powerful factor in the campaign against white slavery in the "City of Homes".

In speaking of the state situation Mr. Gilbert gave the following opinion:

"The state situation certainly looks promising. I am firm in my opinion that the Ohio Anti-Saloonists will make a powerful stand in the coming campaign. The movement is gaining ground steadily and at the present time is well on the way to perfect organization."

I have just received a large lot of millinery, which I have bought at less than half price and offer the same at the greatest bargains ever heard of.

# WASHINGTON LECTURE COURSE COMMITTEE BUYS NEW COURSE

At a recent meeting of the Washington Lecture Course Committee, the 1914-15 course was purchased from the Redpath Lyceum Bureau and consists of five of the best attractions that could be purchased and sold for one dollar for the entire course.

The committee selected each number with care, and the price paid for the entire course is said to be astonishingly large for a course to be sold at one dollar for each season ticket. For several years past the price has been \$1.50 for each season ticket (adults).

The course is made up of the following numbers, dates of which will be received later.

Bede-Seidel Debate—Hon. J. Adam Bede, ex-congressman from Minnesota and Hon. Emil Seidel, recent socialist and member of Milwaukee, debating on "Socialism". This debate has never been given twice just alike, and is full of "ginger" from the opening to the closing words. Mr. Bede is one of the best humorists on the platform, and cleverly injects a rich vein of humor into his debate.

Montraville Wood—Mr. Wood is a scientist of note, and his demonstration lecture on the Byroscope, Monorail car, and Ultra-Violet Ray, in

which he is assisted by his daughter, Miss Allene M. Wood, is not only very highly instructive and entertaining, but is actually dumbfounding to the average spectator.

Laurant and Company consists of Professor Laurant, the "Man of Many Mysteries, and his two assistants, in sleight of hand and other clever work that puzzles, entertains and amuses every audience. He is probably the most sought after man of his profession on the American platform.

Marcus A. Kellerman & Company is a splendid musical attraction that is expected to meet with a hearty reception in this city. Mr. Kellerman is a dramatic baritone, and the other members of his company are: Sarah Gurwitsch, violoncellist, and William Alexander Parson, Russian Pianist, who is attracting attention by his clever work on the piano.

The Artists' Recital Company, like the above attraction, is composed of real artists, with Hugh Anderson, basso; Klara Farm Muehling, soprano; Mme. Olga Trumbull, cellist, and Lawrence G. Muehling, pianist.

The Lecture Course Committee consists of Fred M. Mark, Prof. Wm. McClain, Ray Maynard, George Bryan and A. W. Duff.

# PICTURE ENLARGING AGENT FINED ON ASSAULT CHARGE

Mrs. Maude Groves, residing on High street near Circle avenue, appeared before Mayor Coffey Friday morning and filed an affidavit against William Compton, an agent for a Chicago picture enlarging house, whom she charged with having assaulted her by grasping her with his arm.

The man, who is about 35 years of age, and who is one of several agents working this community at the present time, was soon in the hands of the police.

Compton protested his innocence of any wrong intent, but finally pleaded guilty to the charge against

him and was fined \$5 and the costs, besides given a lecture by Mayor Coffey, who told him that he did not want to hear of any other charges against him while in the city. Compton paid his fine.

The man claimed that this was the first time he had ever been arrested.

According to the woman making the complaint Compton appeared at the door of her house and asked to show her some enlargements of photographs, and when she let him in the house he attempted to take liberties with her, whereupon she ordered him from the house and notified the police.

# SPINDLE BREAKS ON TOURING CAR

What might easily have resulted in a tragedy occurred late Friday morning when the right front wheel on Mr. Chas. Johnson's large touring car, dropped off as he was turning at the Fayette and Court street intersection.

The spindle had evidently been defective, or cracked, and Mr. Johnson deems himself fortunate that the break occurred when it did, instead of when the machine was going at a rapid pace.

At the time the break occurred the machine was making less than five miles per hour.

# AGED MAN FALLS AND BREAKS ANKLE

While painting the roof on the Bentz grocery on East Paint street about eight o'clock Friday morning, John Underwood, aged 73, residing on the corner of Temple and Berea streets, had the misfortune to fall to the cement sidewalk many feet below, and fractured his right ankle.

In addition to the fracture Mr. Underwood was very painfully bruised, but fortunately escaped internal injuries. The accident was due to a ladder slipping.

It will require several weeks for the fractured bones to heal.

# "TECK" CLASGENS WITH THE HERALD

Mr. Mortimer (Teck) Clasgens, formerly of The Fayette Advertiser, is now a member of the reportorial staff of The Herald.

Mr. Clasgens came to Washington in November, 1913, from Springfield, Ohio, and has, during his residence in this city, been quite active in newspaper work, and matters of public interest, and has built up a large circle of acquaintances and friends.

It is the hope and belief that the efforts of "Teck" as a member of The Herald staff, will add to the benefit and pleasure of Herald readers.

# MOTORISTS MUST OBSERVE ORDINANCE

"The traffic ordinances governing the regulation of automobiles are to be rigidly enforced," is the statement made by Mayor Charles F. Coffey in discussing the situation.

"The motorists of this city will be taught the necessity of complying with the city ordinance," concluded the Mayor.

Chief of Police Moore has given out the warning that he will arrest or cause the arrest of any man who fails to keep "within the law," no matter who he may be.

## SPECTER APPEARS

Question of Huerta's Recognition Injected Into Proceedings.

### LAND REFORMS ANOTHER SNAG

Official Reports From the Mediation Conference Not Encouraging—War Department Prepared to Send Additional Troops to Mexico—Move Against Mexico City to Head Off Rebels Not Unlikely.

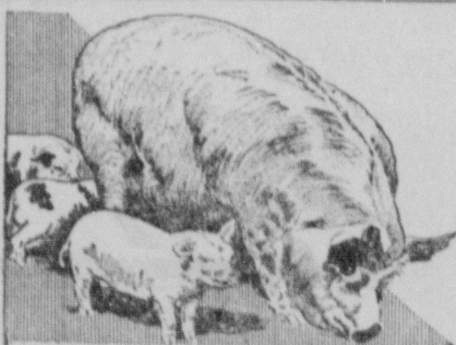

Washington, May 22.—Official reports from the mediation conference now under way at Niagara Falls, received at the state department, are evidently not encouraging. Secretary of State Bryan admitted that he had received messages from the two American representatives there, but said that they were of such a nature that he could not make them public.

It was intimated by officials that the dread specter of recognition of Huerta has been injected into the situation there. A report was current here that Huerta delegates insist that the very formality of the proceedings at Niagara Falls and the willingness of the United States to treat with them, the representatives of the man who calls himself president of Mexico, is in itself tacit recognition of his power and position. Instructions have been sent the representatives of the United States, it is understood, how to meet and deal with this complication.

In view of the demands which Lamar and Lehmann will make on behalf of the United States, there is no prospect of a settlement of the differences unless the Mexican delegates will agree to the elimination of Huerta. President Wilson's firm stand for the adoption of radical land law reforms is another obstacle which may prove insurmountable.

There is no doubt here that preparations are going forward for a possible movement of United States troops into Mexico. The movement of the Constitutionalists toward Mexico City has hastened preparations for sending additional forces to Mexico, which movement was presaged some time ago by the chartering of a number of transports and other orders preparing the army for instant mobilization.

The Constitutionalists concentrating on Mexico City, it is believed, will result in fighting there before many weeks. They are pressing their advance in order that the proceedings at Niagara, whatever their result, can not prevent the forcible possession of Mexico City and Huerta's downfall as a result of their attack.

The United States plans will not permit of Carranza and Villa following their own whims and wishes, it is reported, and the movement into Mexico City may be made in order to forestall any radical move by the rebel chiefs after their campaign for the possession of the capital, which now seems certain of success. In order to have United States forces in a position where they would command any situation that might arise out of the confusion of the desperate battle which must be fought at Mexico City unless Huerta flees, a movement inland from Vera Cruz would have to be made.

### Mediators Mum.

Niagara Falls, Ont., May 22.—The mediators held a prolonged session. No statement was issued and the envoys refused to disclose the subject of their debate. It is believed, however, that the session marks the first crisis in the mediation proceedings.

## HUERTA GIVEN SOME OVATION

Mexico City, May 22.—General Huerta reiterated publicly his determination not to resign, and received a great ovation from citizens and soldiers. The occasion was his review of the volunteer regiment made up of minor employees of the foreign and other federal departments. He was well received and talked to officers, to whom he declared his intention of remaining to defend his country from foreign invasion and from internal enemies. When this was communicated to the soldiers and the populace they became wildly encouraged and cheered him with cries of "Defender," "Protector" and "Savior." He departed very well pleased with the experience.

## DEMANDS SEAT

Cleveland, O., May 22.—Serious charges were made against an East Cleveland councilman when A. T. Wagner, ousted from the council May 18, filed a mandamus suit in common pleas court seeking to force the council to rescind the ouster.

Wagner's petition sets forth that one member of the council threatened him with the loss of his seat if he did not vote for an ordinance raising the salaries of officials and creating new jobs, and promised if Wagner did vote for the measure, he would not be disturbed and his father would be given a job in the waterworks department.

Judge Kennedy granted an alternative writ requiring the reinstatement of Wagner or the appearance of the councilmen in court to show reason for the ouster.

## STATE ELECTION

Dayton, O., May 22.—Frank L. Baldwin of Youngstown was elected president of the Ohio Federation of Humane Societies, and Charles Campbell of Cambridge first vice president. Julius V. Jones of Dayton was retained as a member of the executive committee.

## IDLE; SUICIDES

Lima, O., May 21.—Despondent because he could not find work, Samuel Griffith, 65, a carpenter, took poison and died at a hospital. His wife found him on the floor of their home semi-conscious, and his dying message to her was, "I can't get anything to do."

## BEARD INDICTED

Ironton, O., May 22.—Harley Beard, confessed slayer of three members of the Massie family at Greasy Ridge, near here, was indicted for first degree murder by the grand jury.

## DEAD AT 99

Fremont, O., May 22.—KNUD KAUFMAN, 99, the oldest man in Sandusky county, suffered a stroke of apoplexy, fell down a stairway and died shortly afterwards. He had never been ill in his life.

## FATAL FALL

Paulding, O., May 22.—Edward H. Cooper, engaged in the loan business here, died shortly after receiving injuries caused by falling down the rear steps leading from his office.

## PLAN BLOCKED BY ROOSEVELT

Mellen Testifies Morse Tried to Buy Steamship Lines.

Washington, May 22.—Charles S. Mellen, ex-president of the New Haven railroad, continued his recital before the interstate commerce commission of the financial history of the New Haven railroad. He testified that President Roosevelt back in 1907 promised that the New Haven ownership of steamship lines would not be disturbed by the federal government if Mr. Mellen would turn down an offer of \$20,000,000 which he had received for these properties from Charles W. Morse. Later, when Mr. Mellen made further water lines purchases, Mr. Roosevelt accused him of "sharp practices" and a break between them was threatened.

In the suit which the Roosevelt administration began later against the New Haven under the Sherman anti-trust law the steamship lines were omitted, and Mr. Mellen attributed this to the fact Roosevelt was keeping faith with him. It was the first time that Washington ever has understood why the steamship properties were not included in the complaint.

The testimony of Mr. Mellen also indicated that there was some ground for Charles W. Morse's complaint that he was being pursued by the Roosevelt administration. The turning down of Morse's offer at the suggestion of President Roosevelt was just before the 1907 panic, when Morse was sailing high.

It was, however, in the matter of his views on more personal subjects that Mr. Mellen's testimony was chiefly interesting. He had a bright reply for almost every question. He declared that the policy of the New Haven in New England was one of beneficent monopoly and that it had met failure through the death of J. P. Morgan. He contended, had Mr. Morgan lived, the vast project would have been a great success and the New Haven road would have been paying dividends. In this connection he expressed the opinion that the country is headed toward government ownership of railroads, and that in the retrospect he was able to see now that he had been helping the movement in that direction.

## BROWN IS SUMMONED

Toledo, Ohio, May 22.—Walter F. Brown, national organizer for the Progressive party, hurried to Oyster Bay, N. Y., upon receipt of a telegram from Theodore Roosevelt.

Charles Selvert, Councilman from the First ward, and one of the old hold-over Republicans in that body, announced his withdrawal from the Republican party and became a member of the Progressive organization.

It is believed that other Republicans, who have failed to ally themselves with the newly formed Republican organization, will desert the old party for the Progressives.

## SPORT LETTER

### FRANCIS QUIMET

Young American Golfer Who Suffered Defeat in England.

Photo by American Press Association.

Cincinnati, May 22. If it's true that the world loves a winner, the Reds must be enjoying a large amount of affection just at present, for not in many years has the local team developed such a winning spirit as it is showing at present. This assertion does not refer to the number of games won recently, but is based on the class of performances the men of Herzog have been giving, both in the games that have been won and those that the other fellows have copped. Manager Herzog has evidently impressed the members of the team with two highly important facts—that they are real ball players, and that there is an opportunity in every second of play to put something over on the enemy—and that's just what his assistants are doing from the time the gong rings for the start until the last man has been retired. In but few of the defeats they have suffered this year have the Reds been beaten by one-sided scores. The majority of their defeats have been nose-finishes for the other fellows, showing that the team has been pretty nearly as good in all its contests as the teams against which it has been playing. And they're showing a higher grade of play than at any time this season.

Before the present season opened it was thought that the Reds were a bit wobbly in the pitching department. Here the season is a month old, and the hurling is getting better all the time. The Reds' pitchers have more shut-outs to their credit so far this year than the hurlers of any other team. The feat of putting over six shut-outs—three against St. Louis and three against Boston—in nine consecutive games, comes pretty near being a record. While Manager Herzog has been depending mainly on Benton, Yingling and Ames for work in the box, he has two exceedingly good reserves in Douglass and Davenport, with Adams, Lear and Ingersoll a trio of classy second reserves. These youngsters will get better as the season advances so that if one of the elder men should stumble, there will be equally good substitute to send into the breach. And what is true of the pitching department in the way of substitutes goes for every other position, so far as this team is concerned.

We've seen all the teams now except the Phillies and the Brooklyn, and there has not been seen such a great difference between any of the others and the Reds to justify the early season predictions that Herzog's men were destined for a lowly finish. The kind of baseball the Reds have been playing has not been surpassed by the Pittsburghs, the Chicagos or the New Yorks, that is, so far as intelligent effort and aggressiveness are concerned. Of course, the Reds are not as smooth-running a machine as they will be later on. But they've improved a lot, since opening day, and they'll show more improvement as they go along, for improvement is Herzog's middle name. It remains to be seen how the team stacks up against the rejuvenated Brooklyn, who are guests here next Sunday and the Pittsburghs, on their return on May 31, the last Sunday game previous to the team's first trip East.

Over in Old Kentucky they can't see any horse but Old Rosebud for the Kentucky Handicap, which will be decided at Churchill Downs, Louisville, next Saturday. This stake is worth about \$14,000, and it is freely predicted that, with a favorable track, Old Rosebud will hang up a new time record for the distance. Old Rosebud, by the way, is not to start in the Latonia Derby, which will be run early next month, and this fact promises to make the race more interesting, as many horses will be started with a chance to win which would have been withdrawn had the Kentucky Derby Winner been among those to face the barrier on this occasion.

Three of America's prospective con-

tenders for the international yachting trophy, the America's cup, now are in the water, and within a short time we'll be receiving comparative reports of the doings of these racing greyhounds. Of the three vessels already launched two—the Reliance and the Resolute—are what might be termed freak boats, being built for this race only, and having no feature except the scrap heap after their fate as racers is decided. The third—the Vantite—is constructed so that, with little alteration, she can be turned into a comfortable touring boat. Little information comes from England regarding the Shamrock IV, which is expected to show clean heels to any of the British yachts to be entered in the trials over there.

If Freddie Welsh, the British lightweight champion, succeeds in getting the decision over Jack Britten in their limited round fight at Ulmer Park, near Coney Island, N. Y., this week, there is no reason why Willie Ritchie, the American champ, should longer side-step a match with the Briton; Welsh has bested Joe Rivers and Leach Cross in recent bouts, and his coming fight with Britton, if it proves successful for the Englishman, will put him in a position to demand a fight with Ritchie, or claim the title. Present indications are that the pair will meet in a ten-round battle next month, although this limit does not suit Ritchie's style, he preferring a longer bout and being at his best when he can take things slower and wear down his opponent.

## FARM AND GARDEN

### Truth About Soil Analysis.

No one part of the farm concerns the man on it more than the soil. It is the storehouse from which all things must come. The farmer is naturally anxious to know the truth about the matter of available plant food. In the effort to find out what

elements of plant food exists in their soil, a mistaken notion has arisen among many men as to the value of soil analysis.

"The fact is," says Professor Alfred Vivian, soil fertility expert of the College of Agriculture, Ohio State University, "soil analysis gives practically no hint as to the immediate needs of the soil. It gives the total plant food in the soil but does not give any clue to its availability. The most important thing that the chemist can do is to determine whether the soil is properly supplied with lime by testing for acidity."

Rather than to make a chemical analysis of a soil, Professor Vivian has another method of determining its needs in the way of fertilizers. He tests for acidity, notes the physical properties of the soil and then asks the owner a number of questions including such as, the location of the farm, kind of crops grown, whether clover can be grown successfully or not, and the character of the underlying stone. From the answers to these questions he can tell what kind of fertilizer is needed with more in-

## COMRADE JACOBS GIVEN SURPRISE

Members of R. B. Hayes Post, Assisted by Women, Execute Very Pleasant Surprise on D. R. Jacobs at His Home on South Hinde Street, Thursday Evening.

In a body, twenty-eight of the "boys" of Hayes post, G. A. R., perpetrated a complete and highly agreeable surprise Thursday evening on Comrade Riley Jacobs, who has been seriously ill for the past several weeks and who is now well on the road to recovery.

The veterans assembled at Memorial hall at 4 o'clock in the afternoon and then, "en masse" and heavily burdened with well filled lunch baskets proceeded to the Jacobs home on South Hinde street.

Tables were conveniently placed on the large and beautiful lawn in the rear of the house and the banquet which followed is one that will long be remembered by the members of Hayes post, G. A. R.

While the boys were indispensable in the arrangement, the success of the banquet was in a great way due to the efforts of some of the ladies, ten or more, who conducted the preparations.

The banquet was especially featured by a brief but stirring war talk by Comrade Wyatt D. Blakemore. "Chip," as he is familiarly known to his comrades, spoke eloquently of the brave struggle of the war of the rebellion, of the Spanish-American difficulty and lastly of the present and all-absorbing Mexican situation.

Benediction was pronounced by Comrade John Near. Following the banquet a pleasant two hours were spent in conversation.

The veterans present were: Samuel Eyeman, John Kneeder, Eli Bereman, Milton Hyer, James Buzick, James Newland, John Hartman, Charles McCrea, Milton Barrere, H. A. Pearce, Clark Denius, John Carson, Emanuel Purnell, John Near, James Snyder, Henry Jester, M. J. Sturgeon, Charles Ramsey, William Roberts, John Arnold, Vincent Miley, J. H. Hughes, Uriah Parvin, Wyatt D. Blakemore, David Hopkins, J. M. Kaney, Joel Barrett, Thos. Lindsay.

Among the women present were: Mrs. Sarah Pearce, Mrs. John Updike, Mrs. Tillie Wilt, Mrs. Captain Kidd and Miss Fannie O'Day.

## HILL CIRCUS NOW EXHIBITING HERE

The Harry Hill Wild West show, which arrived in this city Thursday and pitched tents on the Old Fair grounds, gave a street parade Friday afternoon just before the opening exhibition, in which Mr. and Mrs. Hill appeared riding their favorite high school mounts.

The genuine wild west band attracted no little attention during the parade. Frank Adair, of Lafayette, Colorado, who was a deputy sheriff during the recent bloody strike at that place, was a prominent figure in the parade. Rankin Paul is a member of the show troupe.

In addition to the exhibition given Friday afternoon, the show will exhibit tonight, Saturday and Sunday night.

Mr. Hill has wintered his show near this city upon two or three occasions.

## In Social Circles

A perfect May day, the beautiful country home, with its broad lawn and superb outlook over a sweep of country in fresh, green verdure, charming appointments and a throng of handsomely gowned guests, combined to make the card party given by Mrs. Charles McLean Thursday afternoon one of the most attractive of the spring season.

The house was ablaze with spring flowers and small tables set for the luncheon with vases of white stevia or white carnations throughout the rooms.

Fifty guests were seated and served with an elaborate menu, served by Mrs. Ione Bryant, cateress.

Following the luncheon, the guests contested in a game of "500", the favor, a large cluster of white carnations, going to Mrs. James De Mallie, of New York.

Assisting in the hospitalities were Mrs. D. H. Van Winkle, Miss Mary Robinson and Katherine McLean, the small daughter of the house.

Guests from a distance were Mrs. Willis Jones, of Mt. Sterling; Mrs. Bowen, Tecumseh, Mich.; Mrs. Jas. De Mallie, New York.

Miss Del Lanum pleasantly entertained the Friday Auction Bridge club Friday.

## A. P. SHALLEY HERE

Mr. A. P. Shalley, who has purchased and sold two or three additions to this city during the past few years, and has successfully conducted a large number of similar sales in many other cities, arrived in the city Friday morning to negotiate for another tract of land adjoining the city.

D. A. R.

## BEGIN REMODELING FIRST OF THE WEEK

Monday of next week workmen under the supervision of Contractor J. R. Williams, will begin the work of remodeling the front part of Craig Bros.' store.

The first work will be to partition off that part of the building on which the changes are to be made, and then begin the work of removing the several walls.

### AT THE COLONIAL.

Manager M. A. Hughey has contracted with the Edwards-Zetler Feature Film Company, Dayton, Ohio, for an additional attraction for his theater Tuesday nights. This additional attraction will be Cabaret singing in conjunction with the pictures.

This idea is being taken up in all the larger cities and is meeting with quite a good bit of success, and the people of Washington C. H. should show their appreciation of this new innovation and convince the management that this city wants high class entertainment.

Next Tuesday will be the first night of the new venture and Miss Helen McKnight, formerly with the Winter Garden Company, will hold a song fest with the very latest and popular songs. Don't miss this "stunt" night as you will regret it. The four reel motion picture drama, the "Governor's Ghost", will be the first of the feature attractions and will be followed by the same high class for several weeks to come.

# WOMEN CUT MORE FAMOUS PICTURES

By Associated Press.

London, England, May 22.—The wild women of the female social and political union, the militant suffragettes, continued their strenuous campaign by making two separate and well planned attacks yesterday on the national art treasury. Great turmoil was aroused in the vicinity of Buckingham palace yesterday where the women made an ineffectual effort to reach the King.

In the National Art Gallery, one woman, with a loaded cane, ruined five precious masterpieces. In the Royal Academy of Arts another woman wrecked a valuable painting. Both were arrested but refused to give their names. The National Gallery has been closed.

Scenes in police court yesterday surpassed in wildness and general confusion all previous efforts of the warring suffragettes. A male suf-

fragist, who had somehow found a perch among the rafters of the court room, blew an ear-piercing variation of the Marseillaise on a coronet and followed with the sounding of the charge.

This, it appeared, was the signal for which the women were waiting, and soon the air became thick with bags of flour and missiles. The united efforts of the magistrate, Sir John Dickerson, and three policemen were required to prevent one prisoner from throwing herself bodily over the rail of the court enclosure. One woman removed her shoe and hurled it at the magistrate who caught it in his hand. Sir John suspended hearings and ordered court cleared. In passing from the court room the women again became riotous and a free-for-all fight ensued. They were returned to the court room and were bound over to keep the peace for six months. They unanimously refused to give bond.

## BAWL OUT KING AT THE THEATER

By Associated Press.

London, Eng., May 22.—King George and Queen Mary were compelled this afternoon to listen to a harangue of a militant suffragette while attending a matinee at His Majesty's theater. The woman arose from her seat in the stalls and began to address the king.

"You're a Russian Czar," shouted the woman. When attendants rushed in to get her they found that she had been firmly chained to her seat and it was necessary to file through an iron link before she could be removed.

Simultaneously half a dozen women arose in various parts of the auditorium and shouted at His Majesty. One of them went so far as to mount to the stage and had started to make a speech before she could be thrown out. Others made an effort to follow her lead.

Eventually all were ejected and on the outside the police had a hard struggle to save the women from an angry mob that had gathered.

## MELLEN STILL SHEDS LIGHT

By Associated Press.

Washington, D. C., May 22.—Chas. S. Mellen, former president of the New York, New Haven and Hartford railroad concluded his testimony before the Interstate Commerce Commission at 12:40 o'clock this afternoon after four days and a half of grueling interrogation concerning the New Haven's financial affairs.

The Interstate Commerce Commission inquiring into the New Haven railroad affairs resumed action today. Former president of the New Haven, Charles F. Mellen, appeared for the fifth day of his interrogation by Joseph W. Folk, chief counsel for the commission. Folk asked Mellen about the purchase by the New Haven of the Tarrytown, White Plains and Mamaroneck railroad.

"That was an electric line through White Plains. It was sold at public auction and run from \$930,000 to \$1,000,000.

"Who bid against you?"

"The Reorganization Committee of New York," Mellen intimated that the people who objected were political bosses. "They are usually on hand," he said. "I have not had much experience with them, but my experience in the Westchester transaction was enough." Mellen stated that the New Haven had bought control of the Waterburg Gas Company.

In the last five minutes of his test, Mr. Mellen was led by Chief Counsel Folk's questions to discuss his negotiations with the Grand Trunk railroad, as a result of which Mellen was indicted by a grand jury in New York for alleged conspiracy.

"Did Mr. Morgan have anything to do with the Grand Trunk negotiations for this exchange?" inquired Mr. Folk.

"He took a very active part. I did not know Mr. Morgan knew about the matter until he came to my office while Mr. Smithers and Mr. Chamberlain were there. He told them what they could do to bring about peace between the New Haven and the Grand Trunk interests.

## MORE INCOME

By Associated Press.

Columbus, Ohio, May 22.—Because the net instead of the gross receipts were used in calculating the amount of money due the state for the support of the fire marshal's office, the state has been losing an average of \$20,000 a year in such taxes since 1902 and the total loss exceeds \$250,000.

This is the discovery of Robert M. Small, state superintendent of insurance. He said today that the correction of this mistake will mean an added income of \$24,000 a year to the state hereafter.

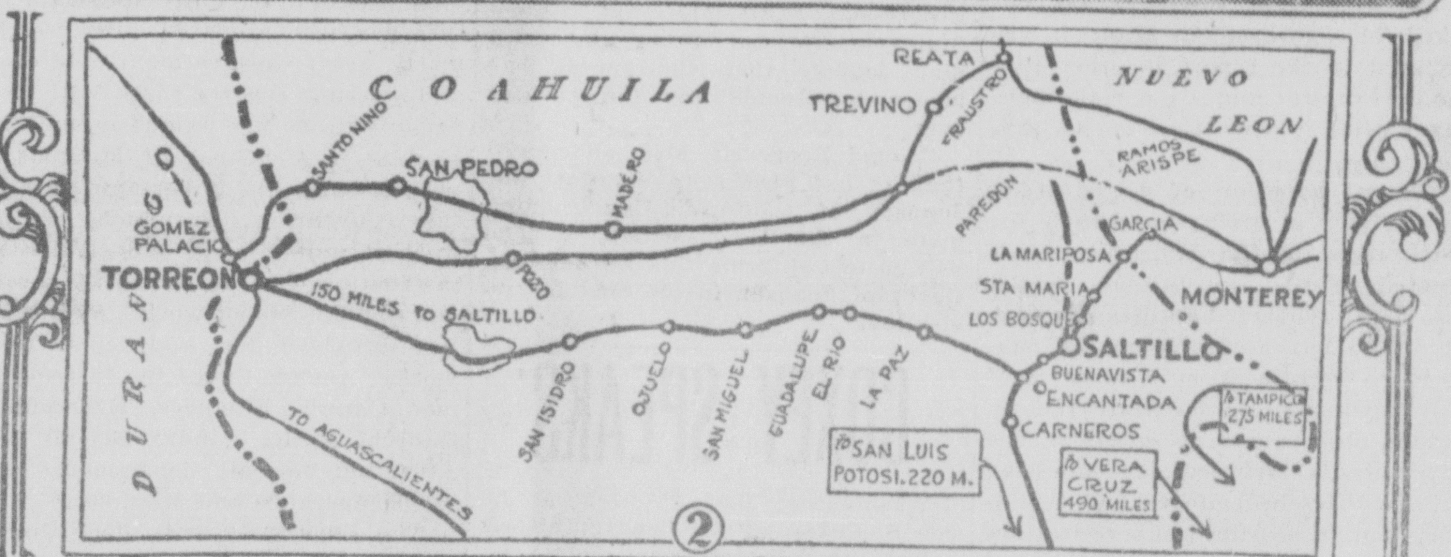

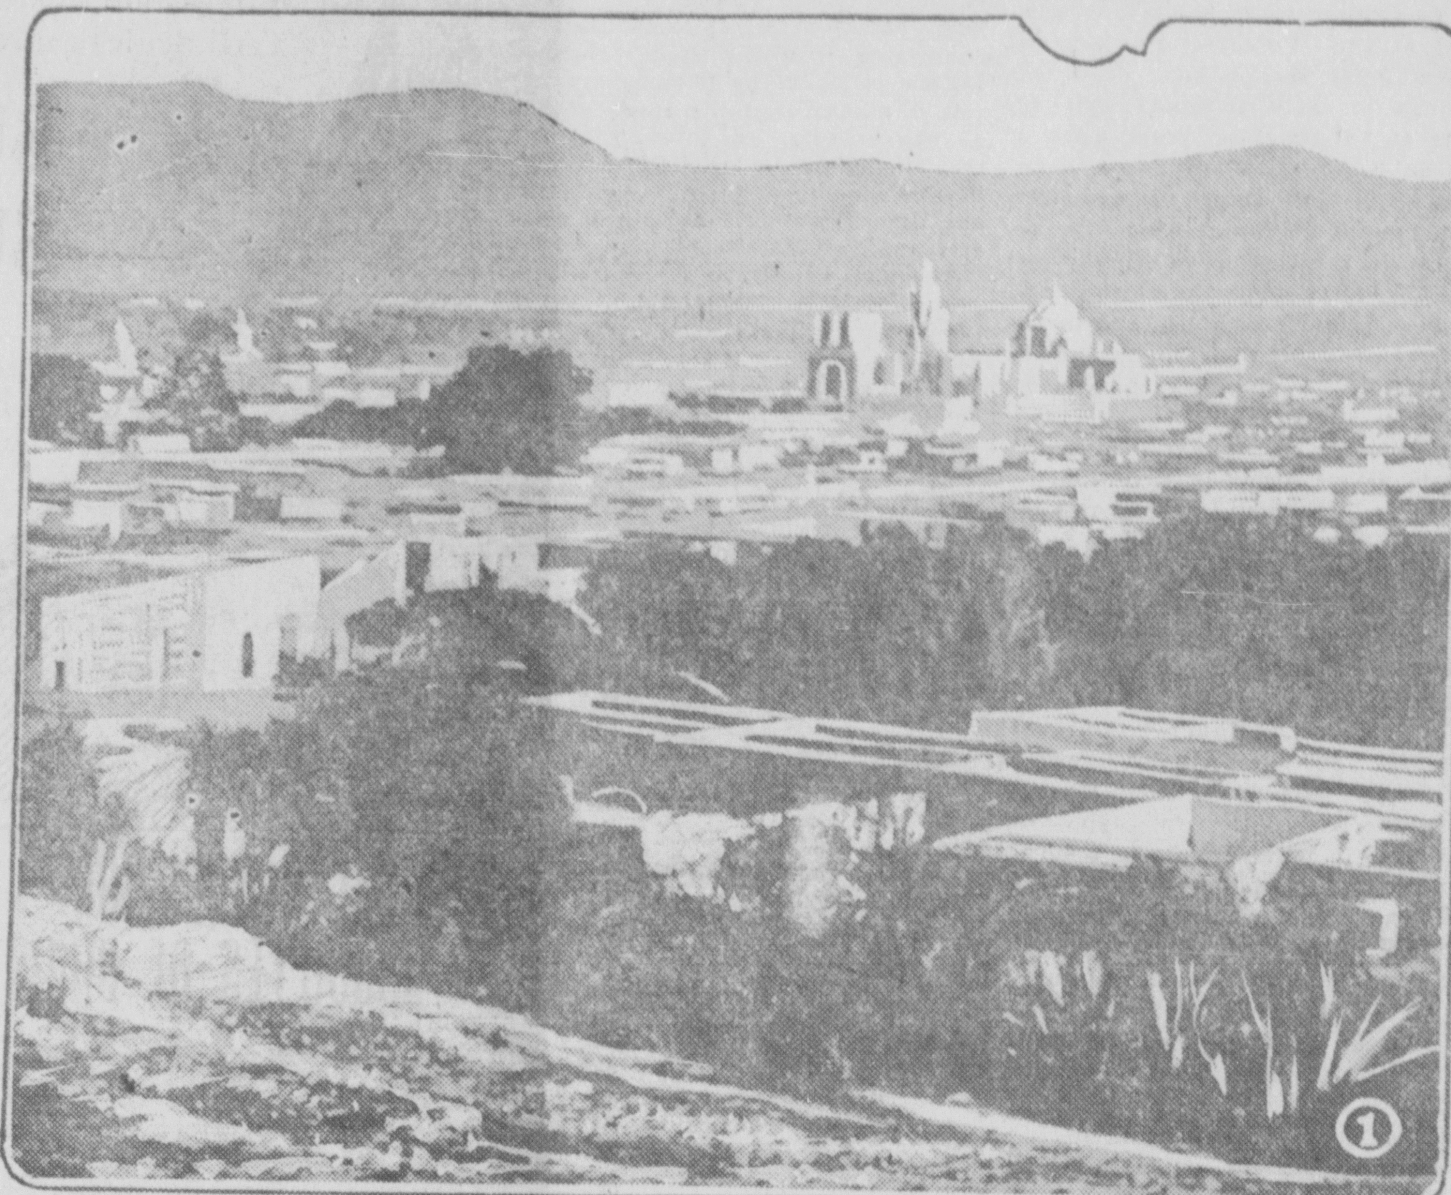

## WHOLE BUNCH PLEAD GUILTY

By Associated Press.

London, Eng., May 22.—Pleas of guilty have been entered by seven of the nine army officers and all of the eight civilians charged last January with graft in connection with the control of supplies for army campaigns. Sentence was deferred until May 29.

## GENERAL VIEW OF SALTILLO, CAPTURED BY REBELS, AND MAP OF GROUND COVERED SINCE TORREON FELL

General Villa drew his massed troops, reported to be 16,000 in number, around Saltillo. The capture of this city by the Rebels means another step toward Mexico City. It was expected that if Saltillo fell the Rebel victory would induce the Mexican envoys at the A. B. C. mediation conference to present the resignation of Huerta. The accompanying map in the illustration shows the location of Saltillo and the ground covered by the Rebels after the capture of Torreon.

## REBELS DECIDE TO TRY

By Associated Press.

Washington, D. C., May 22.—American Consul Hanna, at Monterey, has informed the State Department that the Constitutional authorities have agreed to locate the long missing American Consul, John R. Silliman, who cannot be found since Huerta's agents assured Secretary of State Bryan that he had been released by the Federal officials at Saltillo. Unofficial reports say that Silliman arrived in Mexico City today, but the State Department has received no information that would confirm them.

## AMERICAN SHOT BY DESPERADOS

By Associated Press.

Washington, D. C., May 22.—Confirmation of the killing by Mexicans of Richard Urban, an American subject, German by birth, was received by the State Department today. American Consular Agent Montague at Cananea, reported that Urban and a companion were attacked by a roving band of Mexicans who fired upon them from the windows of a house in which they had taken position.

Urban fell dead. His companion escaped uninjured.

## PRAISES Y. M. C. A.

Hon. Humphrey Jones, in a recent speech delivered at the Y. M. C. A. gave expression to the following sentiment concerning the Young Men's Christian Association, which will be of deep interest to Fayette county citizens in general:

"If there were a prospect of financial benefit you would have no difficulty in raising money for the Y. M. C. A. We must make clear to the community that it is a paying proposition to rear up self-respecting young men of high ideals to lead in our civic life."

## MUST HAUL SWINE INSTEAD OF DRIVE

A new policy has been adopted by the State Bureau of Live Stock Industry, in connection with the hog cholera eradication in this county.

Permits are now issued for persons to market their hogs, and are placed in the hands of the railroad agents, and the owner of the hogs must haul the animals to the shipping point, or they will be refused.

Some 30 calls for inspections were received for Friday. It will be ten days or two weeks before final figures on the county survey will be obtainable.

## FAYETTE CREAMERY MAKES NEW RECORD

The Fayette Creamery, on Columbus avenue and East Market street, had a record breaking churning Thursday, when more than 1200 lbs. of golden butter was produced.

At the present time the output is between 4,000 and 5,000 pounds weekly, and this is on the increase.

Many new patrons, who have learned of the prices paid for butter fat, have been added to the long list of those who contribute regularly to the rapidly growing enterprise.

## INQUIRING FOR YANKS

By Associated Press.

Washington, D. C., May 22.—Secretary Bryan has sent an inquiry to Tampico in regard to the three Americans who are reported to have disappeared from that place. Their names are Winkler, Wallace and Merrell. They are newspaper men, one a reporter, and the others, photographers.

## CHARGE TO JURY

By American Press.

New York, May 22.—"If the defendant, Becker, either directly or indirectly, procured the murder of Herman Rosenthal he is guilty as charged," said Justice Seabury in his charge to the jury.

"The state has introduced both direct and circumstantial evidence. The law does not act on circumstantial evidence alone. It does act, however, when some direct evidence is introduced. Jurors should not disregard circumstantial evidence because it is such."

The justice said it was not charged that Becker fired the shot that killed Rosenthal, but that he had it done. "This must be proven beyond a reasonable doubt," he said.

## CANAL LOCKS THOUGHT SAFE

By Associated Press.

Washington, D. C., May 22.—"The great steel locks in the Panama canal are as safe as engineering skill can make them, and there will not be the slightest danger in using them notwithstanding the disclosure of attempted fraud in the supply of metal."

Such was the statement made at the canal offices today when attention was called to the criminal indictment found by the grand jury in Pittsburgh yesterday against the steel makers on a charge of conspiracy in the furnishing of material.

## RENEW INVITE?

By Associated Press.

Washington, D. C., May 22.—In circles close to the Mexican Constitutionalists here it was definitely expected today that in twenty-four hours a renewed invitation would be extended to the Constitutionalists to be represented at the Niagara Falls mediation conference.

Whether Carranza will accept the invitation was not known, but it was positively asserted that should he do so, it will be without declaring an armistice or agreeing in any way to check his campaign against the Huerta forces.

## FRAUD CHARGED

St. Louis, Mo., May 22.—Charges that J. A. Hodge, the attorney who appeared before the Missouri Public Service Commission yesterday to oppose the reorganization plan of the Wabash railroad, was representing certain interests which were trying to get money from the Wabash management, and counter charges that George J. Gould had deliberately forced the Wabash into receivership, were made at the resumption of the case here today.

Federal Forces Offer But Feeble Resistance Before Retiring.

## NOW FACING EXTERMINATION

Must Traverse a Rebel-Infested Region Two Hundred Miles Long Before Reaching San Luis Potosi, Their Objective Point—Evacuation of Saltillo a Surprise to Constitutional Junta at Juarez.

Juarez, Mexico, May 22.—With Saltillo in rebel hands and San Luis Potosi menaced by a large army, the 10,000 federal troops under Generals Maas and De Moure, who fled Saltillo, may face extermination. Behind is Villa with his army holding Saltillo; before them are General Torres and General Gutierrez with 5,000 rebels, who have been attacking San Luis Potosi and are supposed to be still continuing the attack. Before the federal army, in any event, can reach San Luis Potosi, a stretch of rebel-infested desert 200 miles long must be traversed.

The evacuation of Saltillo occurred yesterday and its seizure by Villa's army are the leading events in northern Mexico. A telegram from Villa to Rafael Musquiz, filed at Paredon, 40 miles north of Saltillo, brought official news of the evacuation. A message from General Angeles, Villa's artillery chief, to his family in Paris, passed through Juarez with the big news. Angeles' message stated that the federalists left the city after the rebel columns had made some well-directed movements against it, but before any general attack was delivered.

The evacuation came as a surprise to the rebels in Juarez and El Paso. Roberto Pesqueira, diplomatic agent in this country, said: "Of course we knew Saltillo would be captured, but we did not expect the victory would come so soon and with so little fighting."

Huerta's sympathizers declare that if Saltillo is really evacuated the move was made on order from Huerta, who is concentrating his troops near the national capital.

Saltillo is to be the next provisional capital of the Constitutionalists. It is expected that Carranza, his cabinet and other rebel government officials will transfer their headquarters from Torreon to Saltillo with the least possible delay. This is expected to occur after Villa's army has completed the occupation of the city and restored a semblance of order.

# SUNDAY AS REST DAY URGED BY ASSEMBLYMEN

By Associated Press.

Chicago, May 22.—"King George of England has established the rule for himself and his family never to travel on Sunday unless it is absolutely necessary. Would that in our country the high officials of our own government, some of them professing Christians, would adopt the same rule and set an example to the American people. Alas, it is not so at present."

The Committee on Sabbath Observance of the Presbyterian General Assembly, in session here, drew this contrast today in its report. The results of twenty-three years work of the Sabbath Day Observance Committee were laid before the assembly. The committee found cause for rejoicing in the passage of Sunday rest laws by forty-seven states, but issued a circumstantial rebuke to the management of the Panama-Pacific Exposition for planning to open its gates on Sunday.

A number of Sunday observance organizations seriously meditated refusing to take any part in the ten days' Lord's Day conference to be held at the Panama-Pacific Exposition, it was declared in the report, on account of their repugnance to the exposition plan to keep open Sunday.

"There was hesitancy," the report asserted, "on the part of some organizations to participate in a congress in connection with an exposition the gates of which would be open on Sunday but in view of the fact that California is the only state without a Sabbath law and in the hope that the congress would be influential in obtaining the passage of such a law the Lords Day Alliance decided to take part in the congress, reserving however the right to enter resolutions of protest against having the exposition open on Sundays."

The exposition thus far has not asked for a government grant, it was declared in the report in order that the government might not make Sunday closing a condition of its support.

General adoption of a Saturday half holiday as giving opportunity for preparation for the Sabbath was advocated in the resolutions which closed the report. Families are urged not to buy anything on the Sabbath, to refrain from reading Sunday papers and to facilitate the religious observances of servants. The Assembly is recorded as requesting the faculties of colleges and seminaries not to schedule any recitations for Monday mornings in order that students may not be tempted to use Sundays to prepare such work.

Under the head of victories during the year the committee called attention to the passage by New York and Massachusetts of one day's rest in seven laws. Modifications of these laws are contemplated in bills introduced or about to be introduced, declared the report, which urged Presbyterians to take a firm stand against any weakening of the acts. The record of observances of the Sabbath included such diverse mentions as that of New York prison keepers taking one day off every week, and 149,000 London, England, milkmen petitioning their customers to be contented with one delivery on Sunday morning.

## REBEL AVIATOR FATALLY HURT

San Diego, Cal., May 22.—Gustavo Salinas, the Constitutionalist aviator, who has been doing so much damage to the federalists in Mazatlan, was badly injured when his biplane fell just after he had arisen from the ground to make one of his flights over the beleaguered city. The biplane was smashed and Salinas was picked up unconscious, and it is thought he will die.

# RAW DEAL AT PANAMA

Five Men Indicted on a Charge of Conspiracy.

Pittsburg, May 22.—The grand jury in the United States district court for the western district of Pennsylvania made a presentment recommending indictment of five well-known men, employees of the Carbon Steel company, on a charge of conspiracy in connection with the steel furnished for the locks in the Panama canal.

It is alleged that the steel furnished was of such an inferior quality that the immense locks at the dams in the canal are liable to let go at any time, causing heavy loss of property and probably lives.

The men named by the grand jury are Samuel M. Wetmore, David J. Simpson, Dennis K. Bullens, Henry Lutz and James E. Lacy. Two others, W. R. Warren and Fred Schoppe, also employees of the company, were also named in the presentment, but the grand jury recommended that no indictments be found against them, as they gave valuable testimony before the grand jurors.

## SUPPORTS PINCHOT

Oyster Bay, N. Y., May 22.—"I have confidence in the integrity of the rank and file of the Republican party."

This was Colonel Roosevelt's first statement on politics since his return from South America, and was made after he had been in conference at Sagamore Hill with George W. Perkins, Dean William Draper Lewis of Pennsylvania and Walter Brown of Ohio, all big Progressive leaders.

Mr. Roosevelt was speaking particularly of Republicans in Pennsylvania, and he expressed his belief that they will support Gifford Pinchot, Progressive candidate for United States senator, but no one who heard him doubted that the appeal was meant for Republicans the country over.

Colonel Roosevelt also announced that he has sent word to Governor Johnson of California, his running mate in the 1912 election, that he will go to California this fall and help Governor Johnson in his fight for reelection.

## COXEY SPEAKS

Washington, May 22.—General Jacob S. Coxey, at the head of his so-called unemployed army of nine, climbed the steps of the Capitol and, unmolested by the police, delivered a prolonged speech on industrial conditions to a curious crowd. General Coxey said that 5,000,000 workmen, with 15,000,000 dependents, were idle throughout the country. He demanded that congress enact into law his scheme for the creation of government-owned banks to issue all legal tender money, eliminate interest and put all unemployed to work on public improvements.

## AMERICAN HELD

El Paso, Tex., May 22.—Filibusters are carrying out their threat to seize all Americans in western Chihuahua unless the three former commanders of the filibusters are released by the United States army. Gilbert Butlia, the only American remaining in Pearson, Chihuahua, was captured by Quevedo and Gutierrez gangs and is being held a prisoner in the mountain camp of the filibusters.

## LISTS REJECTED

Cleveland, O., May 22.—Because they did not contain John D. Rockefeller's personal signature, two tax returns submitted for the oil magnate to the Cuyahoga county tax commissioners were rejected. Gallipolis, O., May 22.—The Ohio river gasoline boat Alice White was destroyed when its gasoline tank exploded. The boat took fire and burned to the water's edge. The crew escaped by jumping into the river and swimming to shore.

## ANNUAL CONVENTION DISCIPLES OF CHRIST

Extensive preparations are being made for a great gathering of the Disciples of Christ at their annual convention in Bowling Green, June 1-4.

A program of quite unusual nature has been prepared. Besides the usual great inspirational addresses and stirring reports there will be a feature altogether unique in such assemblies. A School of Methods is proposed as an important part of this convention in which skilled workers will give careful class room instruction on every phase of church and Sunday School work. 49 periods are provided for such class room work. Among topics for instruction are Church Finances, Evangelism, Church Music, Sunday School Instruction for all departments and for Temperance and Missions.

The reports of work done during the year by the state society will be full of achievement. New churches have been organized; the churches injured by the flood of 1913 have been assisted to prosperity again; the state evangelists have had fruitful work; the Sunday Schools have prospered abundantly.

The Disciples number well over 100,000 in the state with 600 churches and the state officers look for a large and enthusiastic gathering in Bowling Green.

Several delegates from Washington C. H. will attend the convention.

## JURY HAS BECKER CASE

New York, May 22.—Arguments were concluded in the Becker case last midnight, and this morning at 10:30 Judge Seabury began his charge to the jury. A verdict is expected today. In the first trial the jury was out more than eight hours, although, as it developed later, they agreed within five minutes after leaving the courtroom that Becker was guilty.

## ORIGINATOR SETS SUNDAY, JUNE 21, AS FATHERS' DAY

Spokane, Wash., May 22.—Sunday, June 21, has been proclaimed Fathers' day by Mrs. John Bruce Dodd of Spokane, who conceived the idea and originated the play of paying tribute to fathers in all parts of the world one day each year.

Although Mrs. Dodd has received notice that a bill designed to set aside the first Sunday in June for this purpose has passed both houses of congress, she states that until official announcement of the fact has been made by the government the third Sunday in June will be observed as Fathers' day.

"Following the custom established four years ago, ministers in hundreds of American churches, and several in foreign countries, will devote their sermons to fathers on that day," states Mrs. Dodd. "Since the practice was started in Spokane it is very fitting that the people of this city observe the day appropriately. The red rose is worn for the living white rose for the dead. A luncheon in honor of the day will be given by the city federation of women's clubs on Thursday, June 18."

"While I am credited with starting the Fathers' day movement, I can take no credit for the thought being original with me, for does not the second greatest commandment tell us to 'honor thy father and thy mother?' One day in 365, and a Sabbath day at that, is not a gift to overwhelm, or make father feel unduly egotistic, although a Fathers day critic said, 'I will only wear the white rose for the father that is dead for he is the only truly good

father.' Pathetic, isn't it? I would suggest that this young man specialize along the line of home missions lest the words 'like the father, like the son' reflect upon his brow." In 1909 Mrs. John Bruce Dodd crystallized her vision of a Fathers' day and in 1910 the Spokane Y. M. C. A. endorsed the day. Mayor N. S. Pratt of Spokane and Governor M. E. Hay gave their approval also.

## The Better Street Agitation

Some time ago—about two years ago or a little more—there was quite an agitation in Washington which promised to result in better streets.

At that time it seemed to be the general understanding that the only kind of better streets, with any marked degree of permanency in the improvement, were brick streets.

The impression that brick streets are the best streets—the best viewed from any angle, economical or otherwise—has grown stronger and today the sentiment in favor of the brick street is stronger than ever before.

That being true the question naturally arises what has become of the agitation for brick streets in Washington.

Sentiment for a time was practically universal in demanding the improvement be made in the streets. The City Council went so far as to exercise its jurisdiction under the law and without waiting for the abutting property owners to petition for the improvement, declared that there was a public necessity for the improvement and ordered some streets paved.

Since that time when Council took hold of the situation with a firm grip and passed the necessary legislation, the people of Washington and vicinity have lived, alternately, in hope and despair while the bad streets have, naturally, grown worse.

Of course there was some litigation begun in the courts which for a time held up some of the proposed improvements, but obstacles which the law suit placed in the path of these very much needed improvements, should have been disposed of before this time, and if not, those in charge, whether for or against the improvements, should crowd the legal proceedings to a final determination so that the work may proceed or all hope of better conditions be abandoned.

Washington is woefully behind her sister cities in the matter of streets and street paving.

Much smaller cities and towns—smaller in population and smaller in financial resources have miles of brick streets where Washington has rods.

Washington should move up with the procession on this matter of street paving and do it quickly too.

It is absolute nonsense to argue that nothing can be done. There never was a crying public need that could not be met under the laws of the state and if any one thinks Washington does not need better streets—permanently better streets—he should look about the other little cities of the state and see what is done and what is being done.

There was general rejoicing throughout the city and county when, two years or more ago, the City Council showed signs of real determination to better conditions.

The present authorities have a golden opportunity to write their names in the history of the city by getting out of the rut and moving determinedly along proper lines.

One of our citizens makes the very good suggestion that the prominent men of the city—the men who realize Washington's needs and appreciate the benefits which will follow improved streets—should organize a better street committee, stand behind Council and devote their public activities, for a time at least, solely to the task of securing better streets.

The street improvement problem is a big one and must be dealt with on the broad principle of public good. The individual must forget his immediate personal gain or loss and work for the benefit of the whole community if any real good is to be accomplished.

## Americans, Woefully Extravagant, Disregard All Ordinary Demands For Economy and Thrift

By Representative J. HAMPTON MOORE of Pennsylvania

AMERICANS ARE A MONEY SPENDING MAD PEOPLE. THE DIAMONDS, RINGS, GOLD CHAINS AND OTHER ARTICLES OF JEWELRY WE BOUGHT FOR OUR SWEETHEARTS, WIVES AND ELDERLY WE BOUGHT FOR THE LAST FIVE YEARS FOOT UP A TOTAL THAT IS MORE THAN TWICE THE SUM SPENT BY THE UNITED STATES TO CONSTRUCT THE PANAMA CANAL. WE ARE SPENDING MORE THAN TWENTY-FIVE MILLION DOLLARS A YEAR FOR CHEWING GUM ALONE. OUR NATIONAL TOBACCO HABIT BURNED APPROXIMATELY THREE HUNDRED AND FIFTY MILLION DOLLARS LAST YEAR.

These are a few of the reasons for the high cost of living. The people should pay some attention to the ordinary demands for economy and reasonable habits of life.

## Poetry For Today

## EASY TO HOWL.

The easiest thing in the world  
Is just to sit back and growl.  
When the dust is madly whirled,  
When the North winds fiercely howl,  
When the day is warm and fair,  
When the rill sings as it flows,  
When fragrance fills the air,  
When the dew is on the rose,  
When the road is rough and steep,  
When the way is smooth and wide,  
When the crops we hope to reap  
Have prematurely died,  
When the friends we thought were true  
Have ruthlessly betrayed,  
When the things we ought to do  
Are foolishly delayed,  
When others win where we  
Might have achieved success,  
When rich men in their glee  
Forget our mirthlessness,  
When others rise through worth,  
Or by methods that are foul,  
The easiest thing on earth  
Is just to sit back and growl.  
—Exchange.

## Relief From Constipation

It's Me For Dr. Edwards' Olive Tablets.

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark-brown mouth" now and then—a bad breath—a dull tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists. The Olive Tablet Co., Columbus, O. Adv.

DENTISTS MEET  
IN THIS CITY

Large Number of Members of Reh-winkle Dental Society Hold Interesting Session Here—New Officers Elected Including Two Local Dentists—Big Picnic Planned in Near Future.

A very interesting session of the Reh-winkle Dental Society was held in this city Thursday afternoon, with a large number of the members present. The annual election of officers was part of the business conducted at the session, which was held in the parlors of Temple Lodge, I. O. O. F.

The new officers chosen for the ensuing year—two of whom are from this city—are: President, Dr. C. E. Page; vice-president, Dr. W. W. Curtis, of Greenfield; secretary, Dr. Fred D. Woollard, and treasurer, Dr. P. F. Dixon, of Chillicothe. The standing committees, to be named by the president, will be announced later.

The session was one of unusual interest, and much of the afternoon was taken up in discussing a splendid paper presented by Dr. S. T. Yaple, of Chillicothe, practically every member present taking part in the discussion which followed the reading of the paper.

At the meeting it was decided to hold a picnic for the members of the society, and their families, on Wednesday, June 24th, near Austin, close to a splendid fishing point.

Those of the society who attended the meeting Thursday were: From Chillicothe, Drs. John Galbreath, A. H. Gunther, W. G. Hamm, C. W. Mills, M. G. Phillips, S. T. Yaple, C. V. Yaple; Circleville, Dr. H. R. Clark; New Holland, Dr. A. L. Teeters; Jeffersonville, Dr. G. M. Hiner; Greenfield, W. W. Curtis, B. H. Edwards;

Washington, Drs. C. E. Page, C. W. Soddors, W. E. Robinson, Fred D. Woollard, A. M. Bush, T. W. McFadden, O. C. Moon and C. V. Lanum.

The Reh-winkle society has nearly 50 members, and is one of the strongest, if not the strongest society of its kind in the state.

GILBERT DISCUSSES  
COMING CONTEST

"While I am not thoroughly acquainted with the situation in Washington C. H., it is easy to observe that the anti-saloon forces are conducting a determined and effective campaign," was the statement made Thursday by Mr. P. C. Gilbert, state legislative agent of the Anti-Saloon league, who spent a few hours in Washington conferring with politicians and Anti-Saloon workers.

"If the workers all over the state could get some of this Fayette county enthusiasm we would be mighty well pleased," said Mr. Gilbert.

Mr. Gilbert is a resident of Springfield, and is well known in Anti-Saloon circles throughout Ohio. Besides this he has been a powerful factor in the campaign against white slavery in the "City of Homes".

In speaking of the state situation Mr. Gilbert gave the following opinion: "The state situation certainly looks promising. I am firm in my opinion that the Ohio Anti-Saloonists will make a powerful stand in the coming campaign. The movement is gaining ground steadily and at the present time is well on the way to perfect organization."

I have just received a large lot of millinery, which I have bought at less than half price and offer the same at the greatest bargains ever heard of. GLICKSMAN.

# WASHINGTON LECTURE COURSE COMMITTEE BUYS NEW COURSE

At a recent meeting of the Washington Lecture Course Committee, the 1914-15 course was purchased from the Redpath Lyceum Bureau and consists of five of the best attractions that could be purchased and sold for one dollar for the entire course.

The committee selected each number with care, and the price paid for the entire course is said to be astonishingly large for a course to be sold at one dollar for each season ticket. For several years past the price has been \$1.50 for each season ticket (adults).

The course is made up of the following numbers, dates of which will be received later.

**Bede-Seidel Debate**—Hon. J. Adam Bede, ex-congressman from Minnesota and Hon. Emil Seidel, recent socialist mayor of Milwaukee, debating on "Socialism". This debate has never been given twice just alike, and is full of "ginger" from the opening to the closing words. Mr. Bede is one of the best humorists on the platform, and cleverly injects a rich vein of humor into his debate.

**Montraville Wood**—Mr. Wood is a scientist of note, and his demonstration lecture on the Byroscope, Monorail car, and Ultra-Violet Ray, in an and A. W. Duff.

which he is assisted by his daughter, Miss Allene M. Wood, is not only very highly instructive and entertaining, but is actually dumbfounding to the average spectator.

Laurant and Company consists of Professor Laurant, the "Man of Many Mysteries, and his two assistants, in sleight of hand and other clever work that puzzles, entertains and amuses every audience. He is probably the most sought after man of his profession on the American platform.

Marcus A. Kellerman & Company is a splendid musical attraction that is expected to meet with a hearty reception in this city. Mr. Kellerman is a dramatic baritone, and the other members of his company are: Sarah Gurowitsch, violoncellist, and William Alexander Parson, Russian Pianist, who is attracting attention by his clever work on the piano.

The Artists' Recital Company, like the above attraction, is composed of real artists, with Hugh Anderson, basso; Klara Farm Muehling, soprano; Mme. Olga Trumbull, cellist, and Lawrence G. Muehling, pianist.

The Lecture Course Committee consists of Fred M. Mark, Prof. Wm. McClain, Ray Maynard, George Bry-

# PICTURE ENLARGING AGENT FINED ON ASSAULT CHARGE

Mrs. Maude Groves, residing on High street near Circle avenue, appeared before Mayor Coffey Friday morning and filed an affidavit against William Compton, an agent for a Chicago picture enlarging house, whom she charged with having assaulted her by grasping her with his arm.

The man, who is about 35 years of age, and who is one of several agents working this community at the present time, was soon in the hands of the police.

Compton protested his innocence of any wrong intent, but finally pleaded guilty to the charge against him and was fined \$5 and the costs, besides given a lecture by Mayor Coffey, who told him that he did not want to hear of any other charges against him while in the city. Compton paid his fine.

The man claimed that this was the first time he had ever been arrested. According to the woman making the complaint Compton appeared at the door of her house and asked to show her some enlargements of photographs, and when she let him in the house he attempted to take liberties with her, whereupon she ordered him from the house and notified the police.

## SPINDLE BREAKS ON TOURING CAR

What might easily have resulted in a tragedy occurred late Friday morning, when the right front wheel on Mr. Chas. Johnson's large touring car, dropped off as he was turning at the Fayette and Court street intersection.

The spindle had evidently been defective, or cracked, and Mr. Johnson deems himself fortunate that the break occurred when it did, instead of when the machine was going at a rapid pace.

At the time the break occurred the machine was making less than five miles per hour.

## AGED MAN FALLS AND BREAKS ANKLE

While painting the roof on the Bentz grocery on East Paint street about eight o'clock Friday morning, John Underwood, aged 73, residing on the corner of Temple and Bereman streets, had the misfortune to fall to the cement sidewalk many feet below, and fractured his right ankle.

In addition to the fracture Mr. Underwood was very painfully bruised, but fortunately escaped internal injuries. The accident was due to a ladder slipping.

It will require several weeks for the fractured bones to heal.

## "TECK" CLASGENS WITH THE HERALD

Mr. Mortimer (Teck) Clasgens, formerly of The Fayette Advertiser, is now a member of the reportorial staff of The Herald.

## MOTORISTS MUST OBSERVE ORDINANCE

"The traffic ordinances governing the regulation of automobiles are to be rigidly enforced," is the statement made by Mayor Charles F. Coffey in discussing the situation.

"The motorists of this city will be taught the necessity of complying with the city ordinance," concluded the Mayor.

Chief of Police Moore has given out the warning that he will arrest or cause the arrest of any man who fails to keep "within the law," no matter who he may be.

Question of Huerta's Recognition  
Injected Into Proceedings.

LAND REFORMS ANOTHER SNAG

Official Reports From the Mediation Conference Not Encouraging—War Department Prepared to Send Additional Troops to Mexico—Move Against Mexico City to Head Off Rebels Not Unlikely.

Washington, May 22.—Official reports from the mediation conference now under way at Niagara Falls, received at the state department, are evidently not encouraging. Secretary of State Bryan admitted that he had received messages from the two American representatives there, but said that they were of such a nature that he could not make them public. It was intimated by officials that the dread specter of recognition of Huerta has been injected into the situation there. A report was current here that Huerta delegates insist that the very formality of the proceedings at Niagara Falls and the willingness of the United States to treat with them, the representatives of the man who calls himself president of Mexico, is in itself tacit recognition of his power and position. Instructions have been sent the representatives of the United States, it is understood, how to meet and deal with this complication.

In view of the demands which Lamar and Lehmann will make on behalf of the United States, there is no prospect of a settlement of the differences unless the Mexican delegates will agree to the elimination of Huerta. President Wilson's firm stand for the adoption of radical land law reforms is another obstacle which may prove insurmountable. There is no doubt here that preparations are going forward for a possible movement of United States troops into Mexico. The movement of the Constitutionalists toward Mexico City has hastened preparations for sending additional forces to Mexico, which movement was presaged some time ago by the chartering of a number of transports and other orders preparing the army for instant mobilization. The Constitutionalists concentrating on Mexico City, it is believed, will result in fighting there before many weeks. They are pressing their advance in order that the proceedings at Niagara, whatever their result, can not prevent the forcible possession of Mexico City and Huerta's downfall as a result of their attack.

The United States plans will not permit of Carranza and Villa following their own whims and wishes, it is reported, and the movement into Mexico City may be made in order to forestall any radical move by the rebel chiefs after their campaign for the possession of the capital, which now seems certain of success. In order to have United States forces in a position where they would command any situation that might arise out of the confusion of the desperate battle which must be fought at Mexico City unless Huerta flees, a movement inland from Vera Cruz would have to be made.

## Mediators Mum.

Niagara Falls, Ont., May 22.—The mediators held a prolonged session. No statement was issued and the envoys refused to disclose the subject of their debate. It is believed, however, that the session marks the first crisis in the mediation proceedings.

# HUERTA GIVEN SOME OVATION

Mexico City, May 22.—General Huerta reiterated publicly his determination not to resign, and received a great ovation from citizens and soldiers. The occasion was his review of the volunteer regiment made up of minor employees of the foreign and other federal departments. He was well received and talked to officers, to whom he declared his intention of remaining to defend his country from foreign invasion and from internal enemies. When this was communicated to the soldiers and the populace they became wildly encouraged and cheered him with cries of "Defender," "Protector" and "Savior." He departed very well pleased with the experience.

# DEMANDS SEAT

Cleveland, O., May 22.—Serious charges were made against an East Cleveland councilman when A. T. Wagner, ousted from the council May 18, filed a mandamus suit in common pleas court seeking to force the council to rescind the ouster.

Wagner's petition sets forth that one member of the council threatened him with the loss of his seat if he did not vote for an ordinance raising the salaries of officials and creating new jobs, and promised if Wagner did vote for the measure, he would not be disturbed and his father would be given a job in the waterworks department.

Judge Kennedy granted an alternative writ requiring the reinstatement of Wagner or the appearance of the councilmen in court to show reason for the ouster.

## STATE ELECTION

Dayton, O., May 22.—Frank L. Baldwin of Youngstown was elected president of the Ohio Federation of Humane Societies, and Charles Campbell of Cambridge first vice president. Julius V. Jones of Dayton was retained as a member of the executive committee.

## IDLE; SUICIDES

Lima, O., May 21.—Despondent because he could not find work, Samuel Griffith, 65, a carpenter, took poison and died at a hospital. His wife found him on the floor of their home semi-conscious, and his dying message to her was, "I can't get anything to do."

## BEARD INDICTED

Ironton, O., May 22.—Harley Beard, confessed slayer of three members of the Massie family at Greasy Ridge, near here, was indicted for first degree murder by the grand jury.

## DEAD AT 99

Fremont, O., May 22.—Rube Knudsen, 99, the oldest man in Sandusky county, suffered a stroke of apoplexy, fell down a stairway and died shortly afterwards. He had never been ill in his life.

## FATAL FALL

Paulding, O., May 22.—Edward H. Cooper, engaged in the loan business here, died shortly after receiving injuries caused by falling down the rear steps leading from his office.

# PLAN BLOCKED BY ROOSEVELT

Mellen Testifies Morse Tried to Buy Steamship Lines.

Washington, May 22.—Charles S. Mellen, ex-president of the New Haven railroad, continued his recital before the interstate commerce commission of the financial history of the New Haven railroad. He testified that President Roosevelt back in 1907 promised that the New Haven ownership of steamship lines would not be disturbed by the federal government if Mr. Mellen would turn down an offer of \$20,000,000 which he had received for these properties from Charles W. Morse. Later, when Mr. Mellen made further water lines purchases, Mr. Roosevelt accused him of "sharp practices" and a break between them was threatened.

In the suit which the Roosevelt administration began later against the New Haven under the Sherman anti-trust law the steamship lines were omitted, and Mr. Mellen attributed this to the fact Roosevelt was keeping faith with him. It was the first time that Washington ever has understood why the steamship properties were not included in the complaint.

The testimony of Mr. Mellen also indicated that there was some ground for Charles W. Morse's complaint that he was being pursued by the Roosevelt administration. The turning down of Morse's offer at the suggestion of President Roosevelt was just before the 1907 panic, when Morse was sailing high.

It was, however, in the matter of his views on more personal subjects that Mr. Mellen's testimony was chiefly interesting. He had a bright reply for almost every question. He declared that the policy of the New Haven in New England was one of beneficent monopoly and that it had met failure through the death of J. P. Morgan. He contended, had Mr. Morgan lived, the vast project would have been a great success and the New Haven road would have been paying dividends. In this connection he expressed the opinion that the country is headed toward government ownership of railroads, and that in the retrospect he was able to see now that he had been helping the movement in that direction.

## BROWN IS SUMMONED

Toledo, Ohio, May 22.—Walter F. Brown, national organizer for the Progressive party, hurried to Oyster Bay, N. Y., upon receipt of a telegram from Theodore Roosevelt.

Charles Selvert, Councilman from the First ward, and one of the old hold-over Republicans in that body, announced his withdrawal from the Republican party and became a member of the Progressive organization.

It is believed that other Republicans, who have failed to ally themselves with the newly formed Republican organization, will desert the old party for the Progressives.

## SPORT LETTER

Cincinnati, May 22.

If it's true that the world loves a winner, the Reds must be enjoying a large amount of affection just at present, for not in many years has the local team developed such a winning spirit as it is showing at present. This assertion does not refer to the number of games won recently, but is based on the class of performances the men of Herzog have been giving, both in the games that have been won and those that the other fellows have copped. Manager Herzog has evidently impressed the members of the team with two highly important facts—that they are real ball players, and that there is an opportunity in every second of play to put something over on the enemy—and that's just what his assistants are doing from the time the gong rings for the start until the last man has been retired. In but few of the defeats they have suffered this year have the Reds been beaten by one-sided scores. The majority of their defeats have been nose-finishes for the other fellows, showing that the team has been pretty nearly as good in all its contests as the teams against which it has been playing. And they're showing a higher grade of play than at any time this season.

Before the present season opened it was thought that the Reds were a bit wobbly in the pitching department. Here the season is a month old, and the hurling is getting better all the time. The Reds' pitchers have more shut-outs to their credit so far this year than the hurlers of any other team. The feat of putting over six shut-outs—three against St. Louis and three against Boston—in nine consecutive games, comes pretty near being a record. While Manager Herzog has been depending mainly on Benton, Yingling and Ames for work in the box, he has two exceedingly good reserves in Douglass and Davenport, with Adams, Lear and Ingersoll a trio of classy second reserves. These youngsters will get better as the season advances so that if one of the elder men should stumble, there will be equally good substitute to send into the breach. And what is true of the pitching department in the way of substitutes goes for every other position, so far as this team is concerned.

We've seen all the teams now except the Phillies and the Brooklyn, and there has not been seen such a great difference between any of the others and the Reds to justify the early season predictions that Herzog's men were destined for a lowly finish. The kind of baseball the Reds have been playing has not been surpassed by the Pittsburghs, the Chicagos or the New Yorks, that is, so far as intelligent effort and aggressiveness are concerned. Of course, the Reds are not as smooth-running a machine as they will be later on. But they've improved a lot since opening day, and they'll show more improvement as they go along, for improvement is Herzog's middle name. It remains to be seen how the team stacks up against the rejuvenated Brooklyn, who are guests here next Sunday and the Pittsburghs, on their return on May 31, the last Sunday game previous to the team's first trip East.

Over in Old Kentucky they can't see any horse but Old Rosebud for the Kentucky Handicap, which will be decided at Churchill Downs, Louisville, next Saturday. This stake is worth about \$14,000, and it is freely predicted that, with a favorable track, Old Rosebud will hang up a new time record for the distance. Old Rosebud, by the way, is not to start in the Latonia Derby, which will be run early next month, and this fact promises to make the race more interesting, as many horses will be started with a chance to win which would have been withdrawn had the Kentucky Derby Winner been among those to face the barrier on this occasion.

Three of America's prospective con-

tenders for the international yachting trophy, the America's cup, now are in the water, and within a short time we'll be receiving comparative reports of the doings of these racing greyhounds. Of the three vessels already launched two—the Reliance and the Resolute—are what might be termed freak boats, being built for this race only, and having no feature except the scrap heap after their fate as racers is decided. The third—the Vanitie—is constructed so that, with little alteration, she can be turned into a comfortable touring boat. Little information comes from England regarding the Shamrock IV, which is expected to show clean heels to any of the British yachts to be entered in the trials over there.

If Freddie Welsh, the British lightweight champion, succeeds in getting the decision over Jack Britten in their limited round fight at Ulmer Park, near Coney Island, N. Y., this week, there is no reason why Willie Ritchie, the American champ, should longer side-step a match with the Briton; Welsh has bested Joe Rivers and Leach Cross in recent bouts, and his coming fight with Britton, if it proves successful for the Englishman, will put him in a position to demand a fight with Ritchie, or claim the title. Present indications are that the pair will meet in a ten-round battle next month, although this limit does not suit Ritchie's style, he preferring a longer bout and being at his best when he can take things slower and wear down his opponent.

## FARM AND GARDEN

### Truth About Soil Analysis.

No one part of the farm concerns the man on it more than the soil. It is the storehouse from which all things must come. The farmer is naturally anxious to know the truth about the matter of available plant food. In the effort to find out what

elements of plant food exists in their soil, a mistaken notion has arisen among many men as to the value of soil analysis.

"The fact is," says Professor Alfred Vivian, soil fertility expert of the College of Agriculture, Ohio State University, "soil analysis gives practically no hint as to the immediate needs of the soil. It gives the total plant food in the soil but does not give any clue to its availability. The most important thing that the chemist can do is to determine whether the soil is properly supplied with lime by testing for acidity."

Rather than to make a chemical analysis of a soil, Professor Vivian has another method of determining its needs in the way of fertilizers. He tests for acidity, notes the physical properties of the soil and then asks the owner a number of questions including such as, the location of the farm, kind of crops grown, whether clover can be grown successfully or not, and the character of the underlying stone. From the answers to these questions he can tell what kind of fertilizer is needed with more in-

telligence than when simply making a chemical analysis.

In a general way, says Prof. Vivian, there are three things concerning soil fertility of which every Ohio farmer can be sure. These are: (1) There is no soil in the state that does not need phosphorus. No experiment has ever been conducted in the state that did not show a benefit from phosphorus. (2) Soils cultivated for any length of time are low in organic matter. Data on virgin and cultivated soils side by side show

that from 35 to 50 percent of the organic matter has been destroyed in the cultivated soils. (3) Every man can determine absolutely by test whether or not his soil needs lime.

## COMRADE JACOBS GIVEN SURPRISE

Members of R. B. Hayes Post, Assisted by Women, Execute Very Pleasant Surprise on D. R. Jacobs at His Home on South Hinde Street, Thursday Evening.

In a body, twenty-eight of the "boys" of Hayes post, G. A. R., perpetrated a complete and highly agreeable surprise Thursday evening on Comrade Riley Jacobs, who has been seriously ill for the past several weeks and who is now well on the road to recovery.

The veterans assembled at Memorial hall at 4 o'clock in the afternoon and then, "en masse" and heavily burdened with well filled lunch baskets proceeded to the Jacobs home on South Hinde street.

Tables were conveniently placed on the large and beautiful lawn in the rear of the house and the banquet which followed is one that will long be remembered by the members of Hayes post, G. A. R.

While the boys were indispensable in the arrangement, the success of the banquet was in a great way due to the efforts of some of the ladies, few or more, who conducted the preparations. The banquet was especially featured by a brief but stirring war talk by Comrade Wyatt D. Blakemore. "Chip", as he is familiarly known to his comrades, spoke eloquently of the brave struggle of the war of the rebellion, of the Spanish-American difficulty and lastly of the present and all-absorbing Mexican situation.

Benediction was pronounced by Comrade John Near. Following the banquet a pleasant two hours were spent in conversation.

The veterans present were: Samuel Eyeman, John Kneeder, Eli Bereman, Milton Hyer, James Buzick, James Newland, John Hartman, Charles McCrea, Milton Barrere, H. A. Pearce, Clark Denius, John Carson, Emanuel Purnell, John Near, James Snyder, Henry Jester, M. J. Sturgeon, Charles Ramsey, William Roberts, John Arnold, Vincent Miley, J. H. Hughes, Uriah Parvin, Wyatt D. Blakemore, David Hopkins, J. M. Kaney, Joel Barrett, Thos. Lindsay.

Among the women present were: Mrs. Sarah Pearce, Mrs. John Updike, Mrs. Tillie Wilt, Mrs. Captain Kidd and Miss Fannie O'Day.

## HILL CIRCUS NOW EXHIBITING HERE

The Harry Hill Wild West show, which arrived in this city Thursday and pitched tents on the Old Fair grounds, gave a street parade Friday afternoon just before the opening exhibition, in which Mr. and Mrs. Hill appeared riding their favorite High school mounts.

The genuine wild west band attracted no little attention during the parade. Frank Adair, of Lafayette, Colorado, who was a deputy sheriff during the recent bloody strike at that place, was a prominent figure in the parade. Rankin Paul is a member of the show troupe.

Mr. Hill has wintered his show near this city upon two or three occasions.

## In Social Circles

A perfect May day, the beautiful country home, with its broad lawn and superb outlook over a sweep of country in fresh, green verdure, charming appointments and a throng of handsomely gowned guests, combined to make the card party given by Mrs. Charles McLean Thursday afternoon one of the most attractive of the spring season.

The house was ablaze with spring flowers and small tables set for the luncheon with vases of white stelia or white carnations throughout the rooms.

Fifty guests were seated and served with an elaborate menu, served by Mrs. Ione Bryant cateress.

Following the luncheon, the guests contested in a game of "500", the favor, a large cluster of white carnations, going to Mrs. James De Mallie, of New York.

Assisting in the hospitalities were Mrs. D. H. Van Winkle, Miss Mary Robinson and Katherine McLean, the small daughter of the house.

Guests from a distance were Mrs. Willis Jones, of Mt. Sterling; Mrs. Bowen, Tecumseh, Mich.; Mrs. Jas. De Mallie, New York.

Miss Del Lanum pleasantly entertained the Friday Auction Bridge club Friday.

## A. P. SHALLEY HERE

Mr. A. P. Shalley, who has purchased and sold two or three additions to this city during the past few years, and has successfully conducted a large number of similar sales in many other cities, arrived in the city Friday morning to negotiate for another tract of land adjoining the city.

Monday of next week workmen under the supervision of Contractor J. R. Williams, will begin the work of remodeling the front part of Craig Bros. store.

The first work will be to partition off that part of the building on which the changes are to be made, and then begin the work of removing the several walls.

### AT THE COLONIAL.

Manager M. A. Hughey has contracted with the Edwards-Zetler Feature Film Company, Dayton, Ohio, for an additional attraction for his theater Tuesday nights. This additional attraction will be Cabaret singing in conjunction with the pictures.

This idea is being taken up in all the larger cities and is meeting with quite a good bit of success, and the people of Washington C. H. should show their appreciation of this new innovation and convince the management that this city wants high class entertainment.

Next Tuesday will be the first night of the new venture and Miss Helen McKnight, formerly with the Winter Garden Company, will hold a song fest with the very latest and popular songs. Don't miss this "stunt" night as you will regret it. The four reel motion picture drama, the "Governor's Ghost", will be the first of the feature attractions and will be followed by the same high class for several weeks to come.

## THE GOVERNOR'S GHOST

The story is a wonderful tragedy of life of today, and there is not a second of the time but that the film creates intense interest.
